What Is Government Good At? Donald J. Savoie, 2015-08-01 Recent decades have shown the public s support for government plummet alongside political leaders credibility This downward spiral calls for an exploration of what has gone wrong The questions What is government good at and What is government not good at are critical ones and their answers should be the basis for good public policy and public administration In What Is Government Good At Donald Savoie argues that politicians and public servants are good at generating and avoiding blame playing to a segment of the population to win the next election embracing and defending the status quo adding management layers and staff keeping ministers out of trouble responding to demands from the prime minister and his office and managing a complex prime minister centred organization Conversely they are not as good at defining the broader public interest providing and recognizing evidence based policy advice managing human and financial resources with efficiency and frugality innovating and reforming itself being accountable to Parliament and to citizens dealing with non performers paying sufficient attention to service delivery and implementing and evaluating the impact of policies and programs With wide implications for representative democracy What Is Government Good At is a persuasive analysis of an approach to government that has opened the door to those with the resources to influence policy and decision making while leaving average citizens on the outside looking in

DIABLO'S CARAVAN A Surreal Travel Odyssey MICHAEL L. GODFREY,2014-03-17 This provocative story illuminates the lives of 2 wayward adventure seekers It s the unfortunate true account of myself and equally neurotic traveling companion As young naive gringos we sought a mood altering pilgrimage to South America We followed our siren s call towards drama chaos and confusion in the jungles and mountains of the Inca Empire For nearly a year we played hide and seek from military police danced the jig of civility while dodging the bullet of sanity Exploits contained in this work are not intended for the squeamish timid faint of heart or too delicate Graphic episodes may offend fragile tightly wrapped and emotionally stable individuals That being said this narrative is equally seductive to extreme travel junkies and adventure seekers A burgeoning population of recovery oriented Baby Boomers will discover a niche of paradoxical insight Arm chair travelers will be shocked amused entertained and educated Hipsters will marvel at the high drama and drop dead humor
