Tourism, Heritage and National Culture in Java Heidi Dahles, 2013-10-11 Based on anthropological fieldwork in the 1990s this book provides an ethnographic perspective in its examination of the politics and policies of cultural tourism as they were played out under the Indonesian New Order regime The successful New Order tourism policy ensured that tourism development both contributed to and benefited from increasing economic prosperity and a long stretch of political stability However that success has come at a price the policy to encourage mainly high quality tourism revolved around carefully constructed and controlled tourist experiences that have led to local inequalities The failure of this policy is analysed in a detailed case study of the city of Yogyakarta

Quality Assurance and Certification in Ecotourism Rosemary Black, Alice Crabtree, 2007 Genuine ecotourism

can have many positive impacts particularly the conservation of biodiversity and cultural heritage and the creation of economic opportunities for local communities. While promoting these it aims to eliminate negative impacts such as environmental degradation, cultural commoditisation and playground effects. Unfortunately the concept is broadly misunderstood and its true definition is widely debated. It is often used as a marketing tool with some operators taking advantage of the ecotourism label to attract more business while behaving in environmentally irresponsible ways. This book considers the important topic of quality control and accreditation in ecotourism, describing the mechanisms that can be implemented to ensure quality in all aspects of the industry, namely protected areas, businesses, products and tour guides.
