[The Viandier of Taillevent](#) Terrence Scully, 1988-01-01. This volume is the first to present all four extant manuscripts of the *Viandier de Taillevent*. The texts of the 220 recipes are in their original French, and a complete English translation is provided. Variants between the four manuscripts represent more than a century of modifications in gastronomic tastes and culinary practices in French seigniorial life. The commentary and notes trace the significance of these modifications and indicate the influence the *Viandier* exercised on more recent cookery books throughout Europe. This critical edition also includes a glossary and a bibliography. In addition, selected recipes have been adapted for modern use and arranged in a menu for six people. Published in English.
