Theatre ,1908 **A Useful Guide for English Speakers Wanting to Communicate in French** Paul Lessig,2015-12-14

My first introduction to the French language was in the spring of 1962 when under the GI Educational Bill I enrolled along with the other required courses in French 101 at the College of Marin Regretfully employment pursuits required that I drop one course To my lifelong regret I opted to cut French since my eventual 40 year old professional career in International Advertising Marketing and Sales Promotion as well as a 5 year tour as a Commercial Attach with the U S Department of Commerce s Foreign Commercial Service led me into numerous environments where being able to speak and comprehend French would have rendered my career even more successful With a decision to join my eventual spouse s business in Belgium during 1977 I inherited a Belgian family most of which had a sound understanding of English and were more interested in improving on my language than on insisting that I improve on theirs During the ensuing 35 years I was somewhat successful in this respect but managed to make only marginal progress in my attempt to obtain fluency in the French language despite a 3 year residency in Belgium and ultimate 8 retirement years in France Still during these periods I managed to observe segments of the French language that at least could be considered survival methods For example having enrolled in several French courses in both Belgium and France I noted that teachers tended to over complicate French grammar especially when tutoring English students Over the course of my 78 years I noted that the basics of all languages

are rooted in knowing how to address the Who What When Where and Why of a language After more than 10 years of procrastination I decided to make a small contribution to help rectify this educational oversight The result is this guide the contents of which while not a substitute for learning to speak and write fluently in French will at least offer one the ability to communicate their desires objectives and needs when confronted by situations wherein only French is spoken and understood I hope the user of this guide will find its contents as informative and useful as I did in preparing it Paul S Lessig
