Proceedings of the 4th Borobudur International Symposium on Science and Technology 2022 (BIS-STE 2022) Muji Setiyo, Zulfikar Bagus Pambuko, Chrisna Bagus Edhita Praja, Agus Setiawan, Fitriana Yuliasuti, Lintang Muliawanti, Veni Soraya Dewi, 2023-11-08 This is an open access book. Related to the big theme of the SDGs reinforcement at our previous conference, we try to invite all academics and researchers around the world to participate in the 4th Borobudur International Symposium 2022 4thBIS 2022. As we know the COVID-19 pandemic and its impact on all the 17 SDGs have demonstrated how what began as a health catastrophe swiftly transformed into a human socioeconomic and environmental crisis. The 4th BIS brought up The Innovation Chain: A Contribution to Society and Industry as the main theme to respond to this condition. This conference is expected to support the UN Agenda. Additionally, this conference will also provide avenues for participants to exchange ideas and network with each other as well as domain experts from their fields. Overall, this event is aimed at professionals across all spheres of technology and engineering, including the experienced, inexperienced, and students as well. The conference will be held virtually on Wednesday, December 21st, 2022, in Magelang, Central Java, Indonesia. **Worldviews, Science and Us** Diederik Aerts, Bart D'Hooghe, Rik Pinxten, 2011 This volume is part of the Worldviews Science and Us series of proceedings and contains several contributions on the subject of worlds, cultures, and society.
