Scope For Business Studies Grade 11 November 2014:

Nuclear Decommissioning Case Studies: Organization and Management, Economics, and Staying in Business Michele Laraia, 2023-01-11 Nuclear Decommissioning Case Studies Organization and Management Economics and Staying in Business is the fifth volume in Michele Laraia's series which presents a selection of global case studies on different aspects of nuclear decommissioning. This volume focuses on organization economics and performance experience offering the reader guidance on project management staffing costs and funding and training. It guides those responsible for the planning and implementation of nuclear decommissioning to ensure thorough and reliable applications. Decommissioning experts including regulators operating organizations waste managers researchers and academics will find this book to be suitable supplementary material to reference works on the theory and applications of nuclear decommissioning. Readers will obtain an understanding of many key case studies including what happened and what they can learn from the events quoted to help supplement solidify and strengthen their understanding of the topic. Presents a selection of global case studies which focus on organization economics and performance of nuclear decommissioning in relation to project and industry sustainability with a focus on management funding and training aspects. Includes 100 case studies on project management costs and funding and teaching and learning. Based on experience and lessons learned assists the reader in developing and implementing decommissioning plans while ensuring the availability of technical financial and human resources at all times.

Applied Health Economics for Public Health Practice and Research Rhiannon Tudor Edwards, Emma McIntosh, 2019-03-14 In today's world of scarce resources determining the optimal allocation of funds to preventive health care interventions PHIs is a challenge. The upfront investments needed must be viewed as long term projects the benefits of which we will experience in the future. The long term positive change to PHIs from economic investment can be seen across multiple sectors such as health care education employment and beyond. Applied Health Economics for Public Health Practice and Research is the fifth in the series of Handbooks in Health Economic Evaluation. It presents new research on health economics methodology and application to the evaluation of public health interventions. Looking at traditional as well as novel methods of economic evaluation the book covers the history of economics of public health and the economic rationale for government investment in prevention. In addition it looks at principles of health economics evidence synthesis key methods of economic evaluation with accompanying case studies and much more. Looking to the future Applied Health Economics for Public Health Practice and Research presents priorities for research in the field of public health economics. It acknowledges the role played by natural environment in promoting better health and the place of genetics environment and socioeconomic status in determining population health. Ideal for health economists public health researchers local government workers health care professionals and those responsible for health policy development. Applied Health Economics for Public Health Practice and Research is an important contribution to the economic discussion of public health and resource allocation. **Proceedings**

on 18th International Conference on Industrial Systems - IS'20 Bojan Lalic, Danijela Gracanin, Nemanja Tasic, Nenad Simeunović, 2022-05-23 This book proposes theoretically developed and practically tested solutions for manufacturing and business improvements achieved in the period between two conferences It enables presentation of new knowledge and exchange of practical experience in industrial systems engineering and management It brings together prominent researchers and practitioners from faculties scientific institutes and different enterprises or other organizations This is the 18th edition of the conference The Department of Industrial Engineering and Management at the Faculty of Technical Sciences in Novi Sad organizes a scientific conference on industrial systems engineering and management field of science and practice once in three years

Restoring Trust In Higher Education Anil K. Mishra, 2017-03-09 Leaders from both private and public institutions provide a 360 degree view of the challenges and opportunities facing higher education and offer a manifesto for restoring relevance and respect Where is the value in higher education How can higher education restore its relevance and trust with students and parents Are there really any meaningful differences between public and private higher education This volume probes those questions and more exploring the myriad issues that have led many people to question whether higher education is worth the sacrifices it requires of parents and students Drawing on the experience and expertise of a wide variety of highly renowned academics respected government officials and well grounded individuals from the private sector this thought provoking book offers readers simple but powerful ways to evaluate whether prospective colleges and universities merit the very substantial investment of time abilities and financial resources they necessitate Readers will learn what to look for in a college or university and what questions to ask in selecting an institution of higher education They will also learn how parents students academicians and other stakeholders can advocate for changes to benefit both higher education and the constituency it serves
