Travel-Size Chemical Word Scrambles (Easy to Medium) Carolyn Kivett, Chris McMullen, 2011-04-01 Chemical word scrambles are an exciting new form of word puzzles You don't need to know any chemistry These chemical word scrambles will appeal to all word puzzle lovers whether or not they also enjoy science Each word is composed of symbols from the periodic table instead of letters but you don't need to be familiar with the periodic table to solve the word scrambles Here is an example The words BRaIn PoWEr are composed of the following symbols for chemical elements B for boron Ra for radium In for indium Po for polonium W for tungsten and Er for erbium In chemical word scrambles the words have been scrambled by rearranging the symbols not the letters Symbols that have two letters like He for helium and Nd for neodymium can't be split or have their letters reordered This creates a significant distinction between ordinary word scrambles and chemical word scrambles For

example the symbols Er V S and Es may be combined to form the word SErVEs but not the word SEVErs because symbols would have to be split to form SEVErs One neat difference between ordinary word scrambles and chemical word scrambles is that chemical word scrambles allow us to make use of a vocabulary of longer words without effectively increasing the difficulty of the puzzle For example the word VErBAI is a 6 letter word but only a 4 symbol word When trying to rearrange the symbols Al Er B and V to form the word VErBAI there are fewer permutations to consider compared to rearranging the 6 letters A l e r b and v to form the word verbal We saw this as an excellent opportunity to make word scramble puzzles that involve a vocabulary of longer words The level of difficulty of this Chemical Word Scrambles puzzle book is EASY to MEDIUM This book includes words that have 4 to 6 symbols and therefore 4 to 12 letters most of the words have 5 to 9 letters Each puzzle features a challenge word made by rearranging the first symbol of each word A unique feature of this book is that there is a Hints section at the back separate from the Answers section for puzzlers who may be stuck and want to check just the first letter of the solution This travel size book comes in a convenient size for traveling and uses a different word list than the full size books Introduction to the essay Edmund Fuller,1972 **Bulletin of the American Association of University Professors** American Association of University Professors,1955 Includes reports of the committees on academic freedom as follows Vol I pt 1 Annual address of the president and General report of the Committee on academic freedom and academic tenure December 1915 Vol II no 2 pt 2 Reports of committees concerning charges of violation of academic freedom at the University of Colorado and at Wesleyan University April 1916 Vol II no 3 pt 2 Report of the Committee of inquiry on the case of Professor Scott Nearing of the University of Pennsylvania May 1916 Twentieth-century Literary Criticism Gale Research Company,1978 Excerpts from criticism of the works of novelists poets playwrights and other creative writers 1900 1960 *Popular Electronics* ,1978 Pulpwood ,1928
