Title	Mashed Potato Pizza
Introduction	My grandpa always tells me that people who laugh at their own mistakes will get everyone else to laugh along with them. Yesterday, I learned that he is right.
Beginning of the Story	"Stay in line," Mrs. Martin said. I knew right away that my friend Naomi wouldn't be able to cut. I looked at Naomi and frowned. Soon, the line began to move faster, and I followed along hoping that there would still be pizza.
Middle Events	When I reached the counter, I looked at the choices. I could only see chicken and mashed potatoes, macaroni and cheese, and fish. I could hear the rumbling of my very disappointed stomach. Then, out of the corner of my eye, I saw one last piece of pepperoni pizza. I got so excited. "Pepperoni pizza," I said politely. Mrs. Martin handed me the pizza. I took the paper plate so quickly that the pizza slid off the plate. I tried to save it, but the pizza landed in the pan of hot, buttery mashed potatoes. I could feel my face turning redder and redder. All I could hear was laughter from the kids in line. As I looked at the upside-down pizza, I heard Mrs. Martin's voice. "Maria, would you like a side of mashed potatoes with your pizza?"
End of the Story	I looked up and saw Naomi. She was laughing too. With a nervous smile, I said, "Of course."
Conclusion	Mrs. Martin smiled and scooped the mashed potato pizza on my plate. I looked around at my friends, and we all laughed again. I never really believed my grandpa until I saw my friends laughing with me. The laughing made me feel good instead of just clumsy.

Narrative as Writing and Literacy Pedagogy for Preservice Elementary Teachers Nancy A. Wasser, 2021-08-16 I just cannot write or I am not a good writer are familiar complaints from students in academia Many of them claim they cannot express themselves clearly in written text and their lack of this skill impedes them in their academic career In this book Nancy A Wasser argues that teachers can help solve this when they start viewing writing not as secondary to reading but as the equally important side of the same coin Those who cannot read will not be able to write Wasser explains how teaching and regular practicing of writing skills from an early age onwards helps children grow into students who are self aware of their voices By employing narrative as a process of learning to write and a way to read teachers can teach children the art of writing while also making children more aware of their own constructions of narrative Combining the focus on individual and group expression in writing lessons students can trace and reflect on their own life transformations through their writing process Good writers are not born that way but made through effort and practice Changes in curriculum may not only lead to better expressed citizens but also to more balance between teacher and children voices

Visual Writing Alex Baratta, 2010-07-12 Considering the fact that the academic essay continues to be widely used as an assessment tool within education there is a need for students to develop their skills in this area However it is often the case that students perceive instruction in academic writing if it is offered at all as boring This book addresses these two issues First the book can be used by students themselves even in the absence of academic writing classes as a self help guide from which they can develop their knowledge of academic writing and subsequent proficiency Second by discussing the components of academic writing in terms such as film which are familiar to today's generation students are enabled to relate to the material better and see what might have been perceived as dull from a brand new perspective Visual learners in particular will enjoy the analogous link between films and essays and students today are arguably more visually literate than previous generations being exposed to visuals on a daily basis through text message iconography computer games and the Internet The visual instruction provided in turn helps to facilitate mental visuals in students minds from which their knowledge of essay writing can start to develop

Trauma-Sensitive Literacy Instruction Rachelle S. Savitz, Britnie Delinger Kane, 2023 It is vital for educators to be aware of how traumatic experiences affect today's students yet few teachers learn the tools needed to successfully teach these students This book highlights how English Language Arts teachers who are typically not licensed or specifically trained to work with trauma issues can design and implement instruction that helps students see that they are supported This book provides specific strategies for teaching literacy based on the authors extensive knowledge and experience in trauma sensitive instruction adolescent literacy and culturally responsive sustaining pedagogies The authors show how to support middle and high school students with specific literacy practices reading speaking listening and writing that build resilience Trauma Sensitive Literacy Instruction is for the many teachers who are unsure how to invite students and their traumas into classroom instruction and embed critical discussions and learning within their teaching practices and pedagogy It will help ELA teachers navigate student trauma in a way that empowers both students and teachers Book Features Responds to research that consistently shows how schools are often places that marginalize and sometimes traumatize or retraumatize children Offers specific information related to literature writing discussion and inquiry activities focused on various traumatic experiences Provides rationales and research along with examples teacher vignettes and steps for incorporating relevant
