This book analyses the making of the international world of natural disasters by its professionals. Through a long-term ethnographic study of this arena, the author unveils the various elements that are necessary for the construction of an international world: a collective narrative, a shared language and standardized practices. The book analyses the two main framings that these professionals use to situate themselves with regards to a disaster: preparedness and resilience, arguing that the making of the world of natural disasters reveals how heterogeneous, conflicting and sometimes competing elements are put together. **Introduction aux relations internationales** Philippe Le Prestre, 2021-11-29T00:00:00-05:00

Cet ouvrage répond à trois questions fondamentales : quelle est la nature des relations entre les principaux acteurs internationaux ? Quels facteurs expliquent leur comportement ? Comment expliquer le résultat de leurs interactions ? *Méthodes de la science politique : De la question de départ à l'analyse des données* Jean-Benoît Pilet, Frédéric Louault, Ramona Coman, Amandine Crespy, Frédéric Louault, Jean-Frédéric Morin, Emilie van Haute, 2022-06-07. Un manuel qui met l'accent sur les méthodes et méthodologies propres à la science politique avec des conseils pratiques pour mener bien un travail de recherche. Une initiation à la recherche en science politique travers une présentation pédagogique des méthodes de collecte et d'analyse des données, des conseils pratiques pour mener bien un travail de recherche, des exemples concrets extraits de la littérature récente, des tableaux de synthèse des mises en situation et des définitions des termes clés. Pour apprendre à réaliser un travail scientifique : laborer une stratégie de recherche, choisir et collecter les données pertinentes, analyser et interpréter les résultats, identifier les forces et les faiblesses de chaque méthode. Avec exercices interactifs en fin de chapitres pour intégrer et réviser la matière.

Les relations politiques Europe-Taïwan Quentin Couvreur, 2023-08-30. Ces dernières années, Taïwan fait face aux pressions croissantes de la Chine qui cherche à l'isoler sur la scène internationale. Aujourd'hui, la République de Chine, son nom officiel, n'entretient plus de relations diplomatiques qu'avec une poignée de petits États, essentiellement situés en Amérique latine et en Océanie. Pour autant, l'absence de relations diplomatiques ne signifie pas l'absence de relations. La démocratie taïwanaise est en réalité loin d'être isolée, comme le démontre le développement sans précédent de ses interactions politiques avec l'Europe depuis 2020. Comment expliquer cette dynamique ? Comment analyser la visibilité et le soutien dont bénéficie Taïwan ? S'appuyant sur une comparaison entre sept États européens, cet ouvrage explore la conjonction inédite de facteurs matériels et idéels qui contribuent à renforcer leurs relations avec l'île. **EFPA ESG Handbook** EFPA Luxembourg, 2024-03-29. Dal 2021 l'industria finanziaria si sta evolvendo per includere i criteri ESG nei suoi prodotti e processi. Grazie alle pressioni normative e all'opinione pubblica, la Finanza Sostenibile sta diventando il nuovo standard per i centri finanziari di tutta Europa. Tuttavia, una conoscenza insufficiente e la mancanza di definizioni comuni ostacolano ancora l'utilizzo dei concetti.

chiave Nel 2021 l'EFPA Luxembourg ha lanciato un'iniziativa originale per democratizzare le migliori pratiche di Finanza Sostenibile e diffondere definizioni chiare e comuni per i suoi concetti chiave. Oggi il Manuale EFPA ESG include i contributi di oltre cinquanta enti e settanta co-autori che condividono le stesse ambizioni. Con la certificazione EFPA ESG Advisor lanciata nel 2021 e posseduta da oltre 8 000 consulenti finanziari in tutta Europa, l'European Financial Planning Association EFPA vuole contribuire a colmare il divario tra l'attuale livello di informazione e quello necessario per soddisfare i crescenti requisiti normativi relativi all'integrazione dei criteri ESG. Per questo motivo il Manuale ESG dell'EFPA sta diventando digitale anche con l'aggiunta di un sito web dedicato per arricchirne i contenuti, migliorarne l'aggiornamento ed evitarne l'obsolescenza. Su questo sito e sui loro manuali i proprietari dell'EFPA ESG Handbook troveranno contenuti arricchiti da una base informativa regolarmente aggiornata e strumenti pratici per filtrare le varie voci del sito. Storia normativa prodotti d'investimento processo d'investimento gestione del rischio: questo manuale offre un punto di vista a 360° sul panorama della finanza verde. Ci auguriamo che questo viaggio aiuti il lettore a comprendere meglio il significato di Finanza Sostenibile esaminando il suo quadro di riferimento, i suoi obiettivi e le sue sfide. Vi auguro una piacevole lettura.

Les organisations internationales - 2e éd. Guillaume Devin, 2016-03-02. L'activité multilatérale mobilise aujourd'hui l'essentiel de la politique extérieure. Dans un monde façonné par la libéralisation des échanges et la mondialisation de l'information, aucun domaine de l'activité humaine n'échappe désormais au besoin de concertation à l'échelle planétaire. Chaque problème nouveau engendre plus ou moins longue et complexe une nouvelle instance internationale baptisée selon les circonstances forum, conseil, groupe, comité, organisation. Jamais les formes de coopération n'ont été aussi diverses. Jamais les institutions internationales n'ont été aussi nombreuses. Elles possèdent toutes leur trajectoire particulière, leur organisation, leur degré d'autonomie variable vis-à-vis de leurs membres rendant l'ensemble du système difficile à saisir dans tous ses détails. D'où l'intérêt du présent ouvrage sans équivalent en langue française qui fait le choix d'une approche globale et privilégie l'étude des organisations internationales comme phénomène social majeur. Il souligne ainsi le mouvement propre de ces organisations et propose une nouvelle manière de lire la transformation des relations internationales.

Political science in motion Ramona Coman, Jean-Frédéric Morin, 2019-08-06. What are the main trends in contemporary political science research? This book examines recent developments in political science research. What are the new influences to which the discipline opens itself up? Is political science research converging towards a single model or splitting into different streams? What are the new challenges at the beginning of the 21st century? This collection of essays discusses three interrelated topics: the relationship between political science and the problems of politics; the relationship between political science and other fields of research; and the transformation of the profession.

EXTRACT: The past, the present and the future of political science have always been a topic of inquiry for political scientists. This collection of essays is not the first to explore the evolution of the discipline. Since its inception, scholars of politics of all persuasions have reproduced the story of the field as a discipline and as a profession. Farr

et al 1990 598 Blondiaux 1997 10 Gunnell 2002 339 Dryzek 2002 2006 They have explored the discipline's relation with its social and political environment they have questioned its epistemological and ontological specificities and more recently they have documented its professional standards codes and practices As the discipline expands in different parts of the world the attention devoted to its evolution and development has increased Political science is a recognized object of study and state of the discipline studies are flourishing This book seeks to contribute to these recent debates about the evolution of the discipline by exploring three interrelated themes namely 1 the discipline's co evolution with politics 2 its changing relations with sister disciplines 3 and the transformation of its practices for knowledge production and dissemination We argue in this volume that these topics are fundamental as they directly address the core identity of political science

ABOUT THIS BOOK

There is very little literature on academic journals and how they function or what they achieve and Political Science in Motion is to be welcomed as a step towards filling that gap It is well edited as is evident from the cross references between chapters It answers some of the questions that one might want to ask while others remain unanswered Wyn Grant The London School of Economics and Political Science Review of books
