History of Spanish and Portuguese Literature (Vol. 1&2) Friedrich Bouterwek, 2020-10-09 This 2 volume book on the literature of Spain and Portugal represents an extraction from Bouterwek s most significant critical work entitled Geschichte der Poesie und Beredsamkeit seit dem Ende der dreizehnten Jahrhunderts History of Poetry and Eloquence from the Close of the Thirteenth Century in which the author has taken an historical and critical survey of the literature of the principal nations of Europe The first of the following volumes is devoted to the history of Spanish and the second to the history of Portuguese Literature The subdivisions of the work correspond with periods marked out by certain revolutions in taste produced by the rise of eminent writers or by other influential circumstances These epochs in literary cultivation form convenient resting places for the

student and contribute to exhibit in a clear point of view the circumstances by which the advancement of polite learning has been accelerated or retarded The specimens which are numerous and a great portion of which are selected from very scarce works cannot fail to prove highly acceptable to the lovers of the literature of Spain and Portugal For a general and comprehensive knowledge of that literature they will be found amply sufficient and to those who wish to pursue its study more in detail they will afford most useful assistance In such a course of study great advantage may also be derived from the numerous bibliographical notes introduced by the author Spanish Actors and Actresses Between 1560 and 1680 Hugo Albert Rennert, 1907 Life-writing in Carmen Martín Gaité's Cuadernos de Todo and Her Novels of the 1990s Maria-José Blanco, Maria-José Blanco López de Lerma, 2013 Blanco examines the relationship between life writing in Martín Gaité's notebooks and her fictional work Carmen Martín Gaité 1925-2000 was one of the most important Spanish writers of the second half of the twentieth century From the 1940s until her death in 2000 she published short stories novels poetry drama children literature and cultural and historical studies This book studies life writing in Martín Gaité's notebooks Cuadernos de todo 2002 and her novels of the 1990s Nubosidad variable 1992 La Reina de las nieves 1994 Lo raro es vivir 1996 and Irse de casa 1998 It looks at the use of first person narration in Martín Gaité's work drawing a parallel between the notebooks and her fictional work It further analyses the way the author's notebooks relate to the development of her later novels as well as the use of writing as therapy This work offers a way of looking at Carmen Martín Gaité's work from a personal and intimate perspective Maria José Blanco López de Lerma is Spanish Lecturer and Language Tutor at the Department of Spanish Portuguese Latin American Studies King's College London *Travel and Translation in the Early Modern Period* Carmine Di Biase, 2006 The relationship between travel and translation might seem obvious at first but to study it in earnest is to discover that it is at once intriguing and elusive Of course travelers translate in order to make sense of their new surroundings sometimes they must translate in order to put food on the table The relationship between these two human compulsions however goes much deeper than this What gets translated it seems is not merely the written or the spoken word but the very identity of the traveler These seventeen essays which treat not only such well known figures as Martin Luther Erasmus Shakespeare and Milton but also such lesser known figures as Konrad Grunenberg Leo Africanus and Garcilaso de la Vega constitute the first survey of how this relationship manifests itself in the early modern period **The Spanish Literary Generation of 1968** William M. Sherzer, 2012-05-04 The Spanish Literary Generation of 1968 Jos Maria Guelbenzu Lourdes Ortiz and Ana María Moix serves multiple purposes Most importantly it is an overview of an important moment in Spanish literary history that is connected to an extremely important moment in world history 1968 as well as what that year represents in many countries such as France Germany Mexico and the United States This text aims to show how young writers who were coming of age precisely at that moment incorporated into their novels the new ideas that they found in the writing of many foreign authors generally unknown to previous generations whose works were essential to their development

The author has focused on three authors who he feels are most representative of their generation and follows with a lengthy study of the critical reception they have received over time Finally in an appendix one will find excerpts of an unpublished novel by Lourdes Ortiz and interviews with all three authors It is hoped that this text with its extensive bibliography will serve as a valuable source for students and professors alike

Queer Women in Modern Spanish Literature Ana I. Simón-Alegre, Lou Charnon-Deutsch, 2021-11-29 This original collection of essays explores the work and life choices of Spanish women who through their writings and social activism addressed social justice religious dogmatism the educational system gender inequality and tensions in female subjectivity It brings together writers who are not commonly associated with each other but whose voices overlap allowing us to foreground their unconventionality their relationships to each other and their relation to modernity The objective of this volume is to explore how the idea of queerness played an important role in the personal lives and social activism of these writers as well as in the unconventional and nonconformist characters they created in their work Together the essays demonstrate that the concept of queer women is useful for investigating the evolution of women's writing and sexual identity during the period of Spain's fitful transition to modernity in the nineteenth century The concept of queerness in its many meanings points to the idea of non normativity and gender dissidence that

encompasses how women intellectuals experienced friendship religion sex sexuality and gender The works examined include autobiography poetry memoir salon chronicles short and long fiction pedagogical essays newspaper articles theater and letters In addition to exploring the significant presence of queer women in nineteenth and twentieth century Spanish literature and culture the essays examine the reasons why the voices of Spanish women authors have been culturally silenced One thrust in this collection explores generational transitions of Spanish writers from the romantics and their hermandad l rica lyrical sisterhood through to las Sinsombrero Women Without Hats and finally current Spanish writers linked to the LGBTQ community
