Clarke,2012-12-06 Jaundice of newborn infants was

described by several authors in the 17th century The condition however was usually thought of as being similar to adult jaundice and due to occlusion of the bile ducts by glutinous humours On the other hand some writers reported on the fact that more than one consecutive baby was often affected and there is a classic example of the disease in twins written by Louyse Bourgeois the midwife of Marie de Medici in 1609 It was not until early in the 20th century that it was realised that the common link between these familial cases was anaemia and later still that this was of the haemolytic type The breakthrough in terms of an idea came in 1938 when Darrow postulated that the baby s red cells were destroyed by an immune reaction on the part of the mother the result of immunisation by paternal factors in the fetus Shortly afterwards Wiener discovered an entirely new blood group system Rh and it was found that it was in compatibility within this system

that was responsible for the vast majority of cases of haemolytic disease of the newborn **Choices** Lori Freeberg,2021-09-07 Kara Evans college junior at a small Christian university in the northwest with a beautiful voice is on her way to the Juilliard School of Music in New York She s made a vow not to get involved with anyone until then However her focus is shaken when she meets and falls in love with the big man on campus Joshua Bradley Kara from a strong Christian family is angry at God after a tragic accident that killed her sister and her faith hit bottom Charming Josh knows nothing about the Christian faith Discovering she is pregnant Kara shares the news with Josh who with a firm goal of an MBA panics and runs off telling her to abort Kara is abandoned Being staunchly pro life she is left alone to make the agonizing decision Life turns upside down when she makes the choice Will she kill the child within What about Juilliard What about Josh Will life ever be normal **Spondylotherapy** Albert Abrams,1918 **Physician Assistant: A Guide to Clinical Practice E-Book** Ruth Ballweg,Darwin L.
