**Colonial Constructs** Leonard Bell,2013-11-01 How did the European settler perceive M ori What images of M ori society and culture did European artists create for their distant audiences What preconceptions and aesthetic models lay behind early European depictions of M ori These are some of the questions explored by art historian Leonard Bell in this major study of the relationship between the visual representation of M ori and the ideology of colonialism He explores the complex and unbalanced cultural interchange between Europeans and M ori in nineteenth century New Zealand in addition to showing how the great range and variety of pictures often revealed more about the artists and their society and its attitudes than they did about M ori themselves This lively and readable book is well illustrated with examples of the artists work and will be an important contribution to the understanding of colonial New Zealand and the role played by the artist in expressing and creating cultural patterns

*The Prehistory of Rapa Nui (Easter Island)* Valentí Rull,Christopher Stevenson,2022-07-11 This book addresses the main enigmas of Easter Island s Rapa Nui in the Polynesian language prehistory from the time of initial settlement to European contact with a multidisciplinary perspective The main topics include i the time of first settlement and the origin of the first settlers ii the main features of prehistoric Rapanui culture and their changes iii the deforestation of the island and its timing and causes iv the extinction of the indigenous biota v the occurrence of climatic shifts and their potential effects on socioecological trends vi the evidence for a cultural and demographic collapse before European contact and vii the influence of Europeans on prehistoric Rapanui society The book is subdivided into thematic sections and each chapter is written by renowned specialists in disciplines such as archaeology anthropology paleoecology ethnography linguistics ethnobotany phylogenetics phylogeography and history Contributors have been invited to provide an open and objective vision that includes as many views as possible on the topics considered In this way the readers may be able to compare different of points of view and make their own interpretations on each of the subjects considered The book is intended for a wide audience including graduate students advanced undergraduate students university teachers and researchers interested in the subject Given its multidisciplinary character and the topics included the book is suitable for students and researchers from a wide range of disciplines and interests
