1. What similes does Romeo use to convey Juliet's beauty and to what effect?

OR

How does Romeo glorify Juliet's flawless beauty?

Answer: Romeo uses many similes to glorify Juliet's flawless beauty. He starts describing her beauty in terms of light and darkness. He compares Juliet to the light of torches and says that she teaches the torches to burn bright. Juliet's brightness outshines the blaze of the torches that light up the hall. In the lines, 'she hangs upon the cheek of night as a rich jewel in an Ethiop's ear', Juliet stands out against the darkness of the night which is personified as an Ethiopian lady. He finds her too beautiful for the world. She is too priceless to die and be buried. He further compares her beauty to a snowy dove trooping with crows as she stands out among all the other women dancing in the hall. He also compares her indirectly to divinity as he speaks about touching her hand and making his rude hand blessed. He wonders whether he really he had really loved anyone before that moment because he had never seen true beauty till that night.

2. How, according to Juliet, would Romeo be immortalized to the world?

Why would these two children ever grow up to forget the night's love?

Juliet's answer is that Romeo's name will live on in the world. She says that his name will be remembered by all who hear it, and that his name will be a part of the world's history. She says that his name will be a part of the world's history, and that his name will be a part of the world's history. She says that his name will be a part of the world's history, and that his name will be a part of the world's history. She says that his name will be a part of the world's history, and that his name will be a part of the world's history.
