The Epoch of Universalism 1769-1989 / L'époque de l'universalisme 1769-1989 Franck Hofmann,Markus Messling,2020-11-23

2019 witnessed the 30th anniversary of the German reunification But the remembrance of the fall of the Berlin Wall coincided with another event of global importance that caught much less attention the 250th anniversary of Napoleon Bonaparte s birth There is an undeniable historical and philosophical dimension to this coincidence Napoleon s appearance on the scene of world history seems to embody European universalism soon thereafter in the form of a modern imperial project whilst scholars such as Francis Fukuyama saw in the events of 1989 its historical fulfilment Today we see more clearly that the fall of the Berlin Wall stands for an epistemic earthquake which generated a world that can no longer be grasped through universal concepts Here we deal with the idea of Europe and of its relation to the world itself Picking up on this contingency of world history with an ironic wink the volume analyses in retrospect the epoch of European universalism It focusses on its dialectics polemically addressing and remembering both 1769 and 1989
