The Shift O. K. Johnson, 2012-08 Preface This book has been in the works approximately thirty seven years When I was twenty two I knew I was going to write a book I just didn't know what the topic would be or where it would go That was in the days of manual typewriters Functional home computers with word processing were still about eight years away It wasn't until about two years ago in the spring of 2010 that I felt it was time to write I toyed with a couple of different themes since biblical prophecy was my prime interest However as the writing progressed I felt the Lord directing me to write the story of my journey from religion in the Roman Catholic tradition to a Bible based personal relationship with God as the creator of the universe I grew up attending Catholic schools and my experiences are very similar to thousands of others who have attend parochial school It was a great experience and solid educationally It just wasn't fulfilling spiritually I don't focus on the political and social issues facing the Catholic Church as some folks have I will not Catholic bash If anything I have tried to be evenhanded concerning my experiences growing up Catholic and those of dealing with my Protestant Christian friends There will be some things said in this book that will cause my Catholic friends to cringe There will also be some conclusions with which my Protestant friends will disagree The story is my personal journey and one I am happy to share It is the story of my journey from religion to relationship and my personal view from the pew
