Tourist Experience Richard Sharpley,Philip R. Stone,2010-10-04 To consume

tourism is to consume experiences An understanding of the ways in which tourists experience the places and people they visit is therefore fundamental to the study of the consumption of tourism Consequently it is not surprising that attention has long been paid in the tourism literature to particular perspectives on the tourist experience including demand factors tourist motivation typologies of tourists and issues related to authenticity commodification image and perception However as tourism has continued to expand in both scale and scope and as tourists needs and expectations have become more diverse and complex in response to transformations in the dynamic socio cultural world of tourism so too have tourist experiences Tourist Experience provides a focused analysis into tourist experiences that reflect their ever increasing diversity and complexity and their significance and meaning to tourists themselves Written by leading international scholars it offers new insights into emergent behaviours motivations and sought meanings on the part of tourists based on five contemporary themes determined by current research activity in tourism experience dark tourism experiences experiencing poor places sport tourism experiences writing the tourist experience and researching tourist experiences methodological approaches The book critically explores these experiences from multidisciplinary perspectives and includes case studies from a wide range of geographical regions By analyzing these contemporary tourist experiences the book will provide further understanding of the consumption of tourism

European Standardisation of

Services and its Impact on Private Law Barend Van Leeuwen,2017-02-23 With the New Approach the EU has incorporated European standardisation in its regulatory approach to improve the free movement of goods Such a New Approach does not exist for services Nevertheless a significant number of European services standards have been made This book focuses on European standardisation of services and its impact on private law Two services sectors are analysed the healthcare sector and the tourism sector The core chapters of the book contain a number of case studies based on empirical research in these sectors The first part discusses how European services standards interact with existing legal regulation at

the European and national level It is shown that at the European level there is no clear legal framework in which European services standards are adopted This has an impact on their application in private law which is the main theme of the second part of the book Moreover there is a real risk that European services standards create obstacles to free movement This will prevent their successful application in private law [The SAGE International Encyclopedia of Travel and Tourism](#) Linda L. Lowry,2016-09 Taking a global and multidisciplinary approach The SAGE International Encyclopedia of Travel and Tourism examines the world travel and tourism industry which is expected to grow at an annual rate of four percent for the next decade
