Overview

OAF Personalizations are an easy and fully supported way to adapt a certain page in Oracle EBS to fit better certain business needs.

With OAF Personalizations can do a lot, but not in all cases such a change can be seen as easy. Personalizations can be very complex, especially when you use your own custom code to change the underlying validations.

This HowTo concentrates on the option to validate which personalizations have been added to the screens. It allows you to get a better understanding how to read a personalization entry.

To review if a certain page has been personalized, use the “about this page” link.

The screenshot shows the 'User Maintenance' page in Oracle EBS. At the top, it says 'Search for people and user accounts. All fields except "I"'. Below this is a search form with fields for 'User Name', 'Email', 'Last Name', and 'First Name', and a 'Go' button. Below the search form is a 'Register' button and a 'Go' button. Below the 'Go' button is a table with columns 'Last Name', 'First Name', 'Email', and 'User Name'. Below the table is the text 'No search conducted.'. At the bottom of the page is a blue bar with two links: 'About this Page' and 'Privacy Statement'. The 'About this Page' link is highlighted with a red box.
