Hooray4Ray Antony J Stowers, 2019-09-20 In 2006 when I arrived here it was a different geo political world. Blair was British Prime Minister while Gordon waited in the wings like an ambitious understudy eager for the principal to break a leg and across the Channel towering Chirac was President with Shorty Sarko in his shadow. Not that it made much difference to me. I was too busy trying to make a living to give much of a damn about the global picture like most people. After hanging on by my fingertips for the summer it was with relief that I landed myself a part time nine month teaching job assisting in three primary schools in the autumn. I've never looked back. Part self help part memoir this is an accurate record of my time teaching Britain's biggest export its language to our French neighbours. 2006-2016. It's also a tribute to the legendary Raymond Murphy, author of world renowned versatile practical and informative teaching books, some of which have kept me on constant work for over 10 years.
