October 21, 2050

Dear Parents,

I hope this message finds you well. I am writing to share some important news. After much reflection, I have decided to take a new direction in my career, and I will be leaving my position at **[Your Company Name]**. My last day will be November 15, 2050.

Working with your children has been an incredibly rewarding experience, and I am truly grateful for the time I have spent here. Watching your little ones grow, learn, and play has filled my heart with joy. Each child has made a lasting impact on my life, and I will carry those cherished memories with me always.

I want to extend my heartfelt thanks to each of you for your trust, support, and collaboration throughout my time at **[Your Company Name]**. It has been a privilege to partner with you in your child's early education and development. I will miss the laughter, creativity, and enthusiasm that fills our classroom every day.

As I prepare for this transition, I want to reassure you that the care and education of your children will remain a top priority. I am excited to share that Ms. Sarah Thompson, who has been a part of our team for the past three years, will be taking over my responsibilities. I have no doubt that she will provide your children with the same love and dedication that I have tried to offer.

Please feel free to keep in touch! You can reach me at **[Your Email]** if you would like to stay connected.

Thank you once again for everything. I wish you and your family all the best in the future.

Warm regards,

The Daycare Myth Dan Wuori, 2024 For a century America's early childhood policy has been premised on a myth This falsehood which dictates that child care and education are somehow separate and distinct not only suboptimizes the most important window in all of human development but costs American taxpayers an untold fortune It is time to think differently Written in plain yet provocative language by one of the field's most respected bipartisan policy experts The Daycare Myth makes the case for why the early years matter why America's longstanding early childhood policy approach sacrifices the needs of young children in favor of promoting adult employment and why fixing the problem makes good sense regardless of your place on the political spectrum With straightforward guidance for policymakers practitioners and parents this incredibly timely book is a wakeup call for a nation that aspires to nothing less than the wholesale transformation of America's early childhood landscape Book Features Invites readers to rethink their very understanding of the early years by outlining a bipartisan case for change Addresses the needs of policymakers practitioners and parents individually with practical
