

Important Qualities of Being a Dentist

Manual Dexterity

- **Dentists need to work with precision.** In order to perform dental procedures, a dentist must be able to work with precision on an extremely small scale. This is because the mouth is an extremely small area for a dentist to carry out their work.
- **Dentists need good motor skills.** Having great motor skills and being able to use several tools accurately in a small area help dentists perform their job well.
- **Dentists need good hand-eye coordination.** Having great hand-eye coordination will ensure that patients integrity and safety is maintained.
