

SEL MTFL Study Guide

What is a scaffolded instruction?

- Carefully scaffolded instructions designed to make content accessible to English learners in content area instruction
 - It includes carefully analyzing the language demands of the lesson (word, phrase, sentence, and discourse level) and designing language objectives that will help the students acquire academic proficiency
 - Vocabulary development, reading comprehension, writing development
 - The main goal of SEL instruction is to develop **academic language proficiency** in English to achieve grade-level academic learning standards
- SEL emphasizes differentiating content area instruction to address various student needs
 - Instruction must be adjusted to accommodate a student's English Language Development (ELD)

Academic language is the language that students need to succeed in school.

 - Ex. Measure, point, save, hundred, thousand
 - Tier III - content
 - Low frequency
