Cox, 2019-08-13 A mazy dribble through the recent history of European soccer showing how shifting styles and influence have shaped the game In the early 1990s the Dutch footballing philosophy was worshipped across the continent Then the baton passed to the Italians who clearly boasted Europe s strongest league But when France started winning everything at the international level its national academy became the template for others until suddenly almost out of nowhere Europe s most revered player and manager both hailed from Portugal Next Barcelona and Spain won everything during a very obvious four year period of dominance before tiki taka s decline meant Bayern and Germany took control Finally Europe s most successful coaches found themselves competing in England introducing a brilliant cacophony of styles to the Premier League *Zonal Marking* is a glorious travelogue through soccer s triumphant styles and characters *Transcript of the Enrollment Books* New York (N.Y.). Politics and Power in Early Medieval Europe Hans J. Hummer, 2006-01-12 How exactly did political power operate in early medieval Europe Taking Alsace as his focus Hans Hummer offers an intriguing new case study on localised and centralised power and the relationship between the two from c 600 1000 Providing a panoramic survey of the sources from the region which include charters notarial formulas royal instruments and Old High German literature he untangles the networks of monasteries and kin groups which made up the political landscape of Alsace and shows the significance of monastic control in shaping that landscape He also investigates this local structure in light of comparative evidence from

other regions He tracks the emergence of the distinctive local order during the seventh century to its eventual decline in the late tenth century in the face of radical monastic reform Highly original and well balanced this 2006 work is of interest to all students of medieval political structures
