Williams,1992 Proverbs 31 Linda Ogbah Faas,2022-10-12 As I was reading Proverbs 31 yet again yearning to learn all I could from this virtuous woman in order to be a better version of myself it started dawning on me that it has been spoken of and taught to us on how to be a virtuous woman at home in the church and in our community However not much emphasis has been placed on the business building entrepreneurial characteristics of the same virtuous woman when every verse in her chapter literally mentions one business or another that she founded or managed This resonated in me to shine a bright light on all these qualities that were unintentionally underdiscussed Maybe it was because she was a woman doing business or maybe we are too accustomed to women being assumed to manage only the home In this day and age many women manage not just their homes but they manage businesses organizations churches educational institutes military units and much more In order to represent these modern women I also needed to point out that women managing businesses did not start with the virtuous woman it started with the first generation of women that were mentioned in the Bible As you read the stories of these Bible women and how their daily lives transcend to modern women in our generation you get to read real life stories of Christian women that have diligently combined the ability of managing their families and their businesses and still kept God first and foremost in their lives just as the Proverbs 31 virtuous woman did **1979-80 Directory of Women Owned Businesses** National Association of Women Business
