Macon's File James E. Lessenger, 2003-09-12 Kent Macon is an investigator for the Medical Board of California His job is to protect the public from incompetent and dishonest physicians In the course of what begins as a routine investigation he is paired with a homicide investigator to solve a series of crimes attributed to a physician In the course of the investigation he encounters Teresa a physician and a lost love from high school He is determined to prove a man without medical training is responsible for the crimes but the murderer strikes back

Documents Annelise Riles, 2006 Documents reflects on the new challenges to humanistic social science in a world in which the subjects of research increasingly share the professional passions and problems of the researcher Documents are everywhere in modern life from the sciences to bureaucracy to law at the same time fieldworkers document social realities by collecting producing and exchanging documents of their own Capping off a generation of reflection and critique about the promises and pitfalls of ethnographic methods the contributors explore how ethnographers conceive grasp appreciate and see patterns demonstrating that the core of the ethnographic method now lies in the way ethnographers respond to and increasingly share the professional passions and problems of their subjects Sophisticated and provocative The original and unique focus of this volume effectively opens up a new arena of critique that will move ethnography and qualitative inquiry forward in a way that few other works do George Marcus Department of Anthropology Rice University This edited collection asks how an understanding of documentary forms sheds light on the creation and circulation of modern forms of knowledge expertise and governance This is a major intervention in how we understand the everyday practice and techne of the documentary impulse and documentary apparatuses of law bureaucratic review and other institutions of modernity as well as linguistic anthropology literary theory and law The topic of Documents is not just of interest because of epistemological quandaries in the human sciences over textualization and interpretation but also because the domains to which we increasingly turn our attention are themselves auto documentary William M Maurer Chair and Associate Professor Anthropology University of California Irvine Contributors Mario Biagioli Donald Brenneis Carol Heimer Hirokazu Miyazaki Adam Reed Annelise Riles and Marilyn Strathern Annelise Riles is Professor of Law and Anthropology at Cornell University

Clinical Applications of Mifepristone (RU486) and Other Antiprogestins Institute of Medicine, Committee on Antiprogestins: Assessing the Science, 1993-02-01 Mifepristone RU486 the first clinically available antiprogestin has generated great interest since its discovery in the early 1980s Today it is recognized that mifepristone along with other antiprogestins has a potentially significant therapeutic role in human health and disease with likely applicability to a variety of pregnancy related conditions e g management of labor and to contraception endometriosis and cancer among others But because mifepristone has been studied and used most widely as a means of nonsurgical abortion political issues have thus far limited research on the drug and prevented its introduction into the U S market This book provides an unbiased evaluation of current knowledge about both the fundamental nature of

antiprogestins as well as their possible use in treating numerous diseases and conditions and it contains recommendations for future research
