Encyclopedia of Chinese History Michael Dillon, 2016-12-01 China has become accessible to the west in the last twenty years in a way that was not possible in the previous thirty The number of westerners travelling to China to study for business or for tourism has increased dramatically and there has been a corresponding increase in interest in Chinese culture society and economy and increasing coverage of contemporary China in the media Our understanding of China s history has also been evolving The study of history in the People s Republic of China during the Mao Zedong period was strictly regulated and primary sources were rarely available to westerners or even to most Chinese historians Now that the Chinese archives are open to researchers there is a growing body of academic expertise on history in China that is open to western analysis and historical methods This has in many ways changed the way that Chinese history particularly the modern period is viewed The Encyclopedia of Chinese History covers the entire span of Chinese history from the period known primarily through archaeology to the present day Treating Chinese history in the broadest sense the Encyclopedia includes coverage of the frontier regions of Manchuria Mongolia Xinjiang and Tibet that have played such an important role in the history of China Proper and will also include material on Taiwan and on the Chinese diaspora In A Z format with entries written by experts in the field of Chinese Studies the Encyclopedia will be an

invaluable resource for students of Chinese history politics and culture *The Oxford History of Protestant Dissenting Traditions, Volume IV* Jehu J. Hanciles, 2019-03-07 The five volume Oxford History of Protestant Dissenting Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in England as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and royal supremacy but then follows those traditions as they spread beyond England and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier English Dissent but that have often defined a trajectory of influence independent ecclesiastical organizations Volume IV examines the globalization of dissenting traditions in the twentieth century During this period Protestant Dissent achieved not only its widest geographical reach but also the greatest genealogical distance from its point of origin Covering Africa Asia the Middle East America Europe Latin America and the Pacific this collection provides detailed examination of Protestant Dissent as a globalizing movement Contributors probe the radical shifts and complex reconstruction that took place as dissenting traditions encountered diverse cultures and took root in a multitude of contexts many of which were experiencing major historical change at the same time This authoritative overview unambiguously reveals that Dissent was transformed as it travelled Handbook of Megachurches Stephen J. Hunt, 2019-11-26 The megachurch is an exceptional recent religious trend certainly within Christian spheres Spreading from the USA megachurches now reached reach different global contexts The edited volume Handbook of Megachurches offers a comprehensive account of the subject from various academic perspectives **A History of Christian Conversion** David W. Kling, 2020-05-05 Conversion has played a central role in the history of Christianity In this first in depth and wide ranging narrative history David Kling examines the dynamic of turning to the Christian faith by individuals families and people groups Global in reach the narrative progresses from early Christian beginnings in the Roman world to Christianity's expansion into Europe the Americas China India and Africa Conversion is often associated with a particular strand of modern Christianity evangelical and a particular type of experience sudden overwhelming However when examined over two millennia it emerges as a phenomenon far more complex than any one dimensional profile would suggest No single unitary paradigm defines conversion and no easily explicable process accounts for why people convert to Christianity Rather a multiplicity of factors historical personal social geographical theological psychological and cultural shape the converting process A History of Christian Conversion not only narrates the conversions of select individuals and peoples it also engages current theories and models to explain conversion and examines recurring themes in the conversion process divine presence gender and the body agency and motivation testimony and memory group and self identity authentic and nominal conversion and modes of communication Accessible to scholars students and those with a general interest in conversion Kling's book is the most

satisfying and comprehensive account of conversion in Christian history to date this major work will become a standard must read in conversion studies

The Desecularisation of the City David Goodhew, Anthony-Paul Cooper, 2018-09-21 Major cities have long been seen as centres of secularisation However the number of congregations in London grew by 50% between 1979 and the present London's churches have been characterised more by growth than by decline in the decades since 1980 The Desecularisation of the City provides the first academic survey of churches in London over recent decades linking them to similar developments in other major cities across the West Produced by a large team of scholars from a range of disciplines this volume offers a striking and original portrait of congregational life in London since 1980 Seventeen chapters explore the diverse localities ethnicities and denominations that make up the church in contemporary London The vitality of London's churches in the last four decades shows that secularisation is far from inevitable in the cities of the future This study necessitates a significant reassessment of the dominant academic portrayal of Christianity in Britain and the West which has mostly depicted cities as secular spaces within a secularising culture It will be of great interest to scholars working across a wide range of disciplines including history sociology religious studies and theology

Modern-Day Apostles Ché Ahn, 2019-01-15 The Earth is waiting For Apostolic Power to be Demonstrated Even though there were 12 apostles in Scripture there is still an apostolic office and function that all Christians need to know about In fact many believers are functioning apostolically and yet they are not fully stepping into this unclaimed seat in the spirit

Global Religious Movements Across Borders Stephen M. Cherry, Helen Rose Ebaugh, 2016-04-22 From global missionizing among proselytic faiths to mass migration through religious diasporas religion has traveled from one side of the world and back again It continues to play a prominent role in shaping world politics and has been a vital force in the continued emergence spread and creation of a transnational civil society Exploring how religious roots are shaping organizations that seek to aid people across political and geographic boundaries service movements this book focuses on how religious movements establish structures to assist people with basic human needs such as food clothing shelter education and health Examining a multitude of faith traditions with origins in different parts of the world seven contributing chapters with an introduction and conclusions by the senior author offer a unique discussion of the intersections between religious transnationalism and social movements

Church Growth in Britain David Goodhew, 2017-05-15 There has been substantial church growth in Britain between 1980 and 2010 This is the controversial conclusion from the international team of scholars who have drawn on interdisciplinary studies and the latest research from across the UK Such church growth is seen to be on a large scale is multi ethnic and can be found across a wide range of social and geographical contexts It is happening inside mainline denominations but especially in specific regions such as London in newer churches and amongst ethnic minorities Church Growth in Britain provides a forceful critique of the notion of secularisation which dominates much of academia and the media and which conditions the thinking of many churches and church leaders This book demonstrates that whilst decline is

happening in some parts of the church this needs to be balanced by recognition of the vitality of large swathes of the Christian church in Britain Rebalancing the debate in this way requires wholesale change in our understanding of contemporary British Christianity

The African Christian Diaspora Afe Adogame, 2013-04-25 The last three decades have witnessed a rapid proliferation of African Christian communities particularly in Europe and North American diaspora thus resulting in the remapping of old religious landscapes This migratory trend and development bring to the fore the crucial role functions and import of religious symbolic systems in new geo cultural contexts The trans national linkages between African led churches in the countries of origin Africa and the host societies are assuming increasing importance for African immigrants The links and networks that are established and maintained between these contexts are of immense religious cultural economic political and social importance This suggests how African Christianities can be understood within processes of religious transnationalism and African modernity Based on extensive religious ethnography undertaken by the author among African Christian communities in Europe the USA and Africa in the last 17 years this book maps and describes the incipience and consolidation of new brands of African Christianities in diaspora The book demonstrates how African Christianities are negotiating and assimilating notions of the global while maintaining their local identities
