THE WONDERS OF PRAISE O. V. O. AYOOLA, 2014-09-22 **Pentecostalism and Politics in Africa** Adeshina Afolayan, Olajumoke Yacob-Haliso, Toyin Falola, 2018-06-29 As the epicenter of Christianity has shifted towards Africa in recent decades Pentecostalism has emerged as a particularly vibrant presence on the continent This collection of essays offers a groundbreaking study of the complex links between politics and African Pentecostalism Situated at the intersection between the political the postcolonial and global neoliberal capitalism contributors examine the roots of the Pentecostal movement s extraordinary growth how Pentecostalism intervenes in key social and political issues such as citizenship party politics development challenges and identity and conversely how politics in Africa modulate the Pentecostal movement Pentecostalism and Politics in Africa offers a wide ranging picture of a central dimension of postcolonial African life opening up new directions for future research The African Christian Diaspora Afe Adogame, 2013-04-04 Informative guide offering interpretation and analysis of African immigrant Christianities in Western societies and their impact on the wider local global religious scene *Memory and Recovery in Times of Crisis* Fiona Larkan, Fiona Murphy, 2017-11-09 This book presents a social scientific reading of the challenges of memory and recovery in times of crisis Drawing on different interpretations of what constitutes crisis this collection uses lenses of economics identity and commemoration to question how memory and recovery is being constituted through larger discourses of political claims of moving forward healing and identity Memory and Recovery in Times of Crisis examines how memory is dis or re interred through social processes and further how recovered memories are challenged or legitimized It also presents a set of questions that will stimulate further reflections on what kind of role understandings of memory of crisis can play in recovery Given the world we find ourselves living in in 2017 a world subject to multiple intersecting crises how we understand the dynamics of memory and recovery is a pressing issue indeed This book will appeal to both scholars and students of anthropology and sociology **Nigerian Pentecostalism and Development** Richard Burgess, 2020-04-06 This book examines the contributions both intentional and unintentional of Nigerian Pentecostal churches and NGOs to development studying their development practices broadly in relation to the intersecting spheres of politics economics health education human rights and peacebuilding In sub Saharan Africa Pentecostalism is fast becoming the dominant expression of Christianity but while the growth and civic engagement of these churches has been well documented their role in development has received less attention The Nigerian Pentecostal landscape is one of the most vibrant in Africa Churches are increasingly assuming more prominent roles as they seek to address the social and moral ills of contemporary society often in fierce competition with Islam for dominance in Nigerian public space Some scholars suggest that the combination of an enchanted worldview an emphasis on miracles and prosperity teaching and a preoccupation with evangelism discourages effective political engagement and militates against development However Nigerian Pentecostalism and Development argues that there is an emerging movement within contemporary

Nigerian Pentecostalism which is becoming increasingly active in development practices This book goes on to explore the increasingly transnational approach that churches take often seeking to build multicultural congregations around the globe for instance in Britain and the United States Nigerian Pentecostalism and Development Spirit Power and Transformation will be of considerable interest to scholars and students concerned with the intersection between religion and development and to development practitioners and policy makers working in the region *Christianity and Controversies over Homosexuality in Contemporary Africa* Ezra Chitando,Adriaan van Klinken,2016-05-12 Issues of homosexuality are the subject of public and political controversy in many African societies today Frequently these controversies receive widespread attention both locally and globally such as with the Anti Homosexuality Bill in Uganda In the international media these cases tend to be presented as revealing a deeply rooted homophobia in Africa fuelled by religious and cultural traditions But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them Complementing the companion volume Public Religion and the Politics of Homosexuality in Africa this book investigates Christian politics and discourses on homosexuality in sub Saharan Africa The contributors present case studies from various African countries from Nigeria to South Africa and from Cameroon to Uganda focusing on Pentecostal Catholic and mainline Protestant churches They critically examine popular Christian theologies that perpetuate homophobia and discrimination but they also discuss contestations of such discourses and emerging alternative Christian perspectives that contribute to the recognition of sexual diversity social justice and human rights in contemporary Africa *The Wings of Faith* Lois Egowunma Usonwu,2014-10-17 The background to the Wings of Faith was introduced with a divine call through a dream in which the Lord mandated the writer to effectively share her faith in writing with testimonies of the several wonderful things the Lord has done in her life in response to her faith in Jesus Christ and her prayers and cries to God for help in every areas of her challenges from which she has found relevance and purpose in life as referenced in Philemon 1 6 That the communication of thy faith may become effectual by the acknowledging of every good thing which is in you in Christ Jesus The Wings of Faith is a catalogue of testimonies of my faith testifying that since I gave my life to Christ through faith in the name of Jesus as the Son of God and as my Lord and personal Savior through confession and repentance and forsaking of my sins and baptism by immersion daily reading and studying of the Bible and prayer and fellowship with the brethren and faith in the word of God which I communicate to God through prayer by the help of the Holy Spirit my life has never been the same again The Word of God that I pray with bears fruit which results to testimonies As a widow God has shown me his faithfulness as the husband of the widow and as the father of the fatherless to my children He has pleaded my case against opposition defended the cause of my children did not leave us as orphans but revealed things to come so as to warn us relieved us of burdens provided for us healed us intervened in very difficult situations and made ways of escape for us helped us and sent helpers to us raised us up from the dust lifted us up from the ash heap brought us out of darkness and translated us into his marvelous light that we

should show forth his praises This is the praise of God the testimony of Jesus that he called us to bear fruits of testimony to bring glory to his name and encourage people who hear our testimonies to have faith in God by believing in the name of Jesus Christ his Son so that Jesus Christ in turn will draw them to the Father who is pleased to give us the kingdom that through faith in the name of Jesus we might reign with him in his kingdom and live eternally to the glory of God **Caught in the Current** Sam Reimer,2023-04-15 Evangelical Christianity is known for its defence of traditional Christian teachings and resistance to liberalizing trends Many Western evangelicals themselves do not yet realize how their faith is being reshaped by the modern zeitgeist Caught in the Current explores how and why Western evangelicals are changing Church attendance is declining conservative moral positions are unpopular and young people are drifting away from the faith Evangelism is avoided so few are joining congregations Yet these surface changes are only symptoms of a more profound shift that church leaders have not fully apprehended Drawing upon 125 interviews with British and Canadian clergy and active laity Sam Reimer argues that evangelicals have been deeply influenced by a post Christian culture that has rejected institutional religious authority and embraced self spirituality As individual evangelicals struggle to navigate these waters and to distance themselves from politicized evangelicalism in the United States they are caught between conformity and resistance between faithfulness to church moral teachings and accommodation of secular values Many are responding by turning inward to define their Christian beliefs for themselves The ironic result is that the decline of institutional religious authority is not happening just in Western culture but within evangelical churches as well Caught in the Current is an insightful and nuanced assessment of how British and Canadian evangelicals are navigating a post Christian culture often in ways that are distinct from how their counterparts in the United States approach it *Text and Context* Melanie Baffes,2018-10-24 As biblical hermeneutics moves increasingly toward the inclusion of vernacular approaches to the text understandings of the Bible based on culture context and human experience many communities of faith around the world are contributing their voices to the conversation of global Christianity This volume explores reading methods and text interpretations of believers in South Africa the Caribbean Spain the Netherlands the United States India Kenya Fiji Japan the United Kingdom New Zealand and Nigeria revealing the ways various faith communities read the Bible contextually Essays in this volume also illustrate the impact of the biblical text in people s lives on their understandings of oppression identity the plight of refugees decline and loss the relationship between church and society imperialism homelessness restorative justice bodily experiences of the Holy Spirit and time and the future Together these writings provide an in depth sense of how global Christians read the Bible through the lens of their own tradition or culture as well as how the Bible informs all aspects of their lives as they read the world biblically **The Lord God Almighty** Cecilia Gbemisola Obisakin,2002 *20 Pentecostal Pioneers in Nigeria* Israel O. Olofinjana,2011-02-04 Ever so often a book comes along that I feel should have been written years ago and this book is one of them As a Christian who found faith in Nigeria in the 80s I was intrigued by stories about God Generals those men and

women that led 20th century revivals across the world most of them in the West Now I have in my hands a book that shares some of the stories of some of my fellow countrymen who shaped the faith landscape in Nigeria I am really impressed with the diversity of the leaders identified and the depth of the research undertaken This book in my view should be a must read for anyone interested in origins of Pentecostalism in Nigeria Keno Ogbo Co editor *The Black Church in the 21st Century* The Lord joined us to the ministry of Benson Idahosa for 20 years and we saw firsthand the reality and power of the gospel in Africa that has touched the world The Lord's sovereign work in the continent is going to impact the globe for generations to come Thank God for the African church of Jesus Christ Millions of strong and faithful believers are coming forth at this critical time as God builds His church Dr Kent Ruth Hodge President of Christian Faith Institute Jos Nigeria Christianity has been recognised to be a growing religion in Sub Sahara Africa The expression of Christianity that is expanding in Africa is Pentecostalism One reason for this growth is the renewal factor which has engulfed the whole continent Nigeria is one of the countries that has and is still experiencing revival that is contributing to local and global Christianity What is the origin of Pentecostalism in Nigeria What contributions did the late Archbishop Benson Idahosa make to the Pentecostal scene in Africa Why is RCCG one of the fastest growing Churches in the World This book considers the history of Pentecostalism in Nigeria by looking at the pioneering efforts of men and women who laid the foundation of the Movement *Transnational Religious Spaces* Philip Clart, Adam Jones, 2020-07-06 This volume bringing together work by scholars from Europe East Asia North America and West Africa investigates transnational religious spaces in a comparative manner by juxtaposing East Asian and African examples It highlights flows of ideas actors and organizations out of into or within a given continental space These flows are patterned mainly by colonialism or migration The book also examines cases where the transnational space in question encompasses both East Asia and Africa notably in the development of Japanese new religions in Africa Most of the studies are located in the present a few go back to the late nineteenth century The volume is rounded off by Thomas Tweed's systematic reflections on categories for the study of transnationalism his chapter *Flows and Dams* critically weighs the metaphorical language we use to think speak and write about transnational religious spaces *Excellence*, 2005 **The Intercourse of Troubled Thoughts** Joseph Emeka Anunbor, 2010-08-13 This book is a direct offspring of the schism in the Worldwide Anglican Communion concerning its traditional and future identity which came apart in 2003 over the election of V Gene Robinson a practicing gay priest as the Bishop of New Hampshire United States When 62 out of 107 leaders of the Episcopal Church US Anglicans confirmed his ordination at its triennial conference later that year the ice that held God's frozen people together for so long began to thaw For the 38 provinces of World Anglicanism it's been a sloppy and loud reversal of communion since its February 10 15 1997 Second Anglican Encounter in the South at Kuala Lumpur Malaysia The prophetic theme of that meeting *The Place of Scripture in the Life and Mission of the Church in the 21st Century* has been challenged by theologically enlightened American British and Canadian Councils Revisionist ministers and methods then

Fulfilling Purpose and Destiny Sunny O. Aibuki, 2016-04-29

Realisation of dreams and desires can be cut short by fear to succeed especially when optimism and the expectations are highly anticipated At this level it becomes difficult to compromise success in any shape form or size The desire of every man is to be successful and not fail at any of the challenges life throws at him hoping for positive results as he carries on until he becomes what he desires in life However have you ever wondered why so many fail in their task and thus underachieve Can you quantify how much of an effort is required to measure up or to attain success The story of Jonah tells of his calling how he relinquished his task and purpose in life to run a needless cause despite being told what he needed to do His personal preference overshadowed his assignment and his punishment was instigated by his reluctant heart to complete this task unenthusiastically This book is used to mirror our daily life struggles in resemblance to a genuine state of the heart of a man called Jonah during his troubled times Jonahs initial refusal did not prohibit him from Gods service rather God tracked him down and used this unwilling prophet to change the heart of the people that lived in a great city called Nineveh Also the connection between the old prophecies and the present day Nineveh located in northern Iraq of today is explicitly evaluated in relation to todays happenings

Queen Esther, a Perfect Prowess Sunny O. Aibuki, 2015-03-06

Esther was a beautiful damsel but disadvantaged by circumstances She was an orphan from a lowly background lost in a mixed crowd without hope and promise of success and seated right at the edge of death to preserve her life and save a whole generation from being crushed Esther a Perfect Prowessthis book unveils the hidden secrets never told principles application and practicality of Esthers success story Know what she did differently to be successful and how you can benefit and apply these principles to your daily life in order to become a better person in the face of challenges and life struggles It rekindles Gods abundant promises as they are revealed afresh and you will learn how to renew your walk with Christ in order to replicate Esthers triumph

African Culture and Global Politics Toyin Falola, Danielle Sanchez, 2014-01-10

This volume attempts to insert itself within the larger discussion of Africa in the twenty first century especially within the realm of world politics Despite the underwhelming amount of attention given to Africa s role in international politics in popular news sources it is evident that Africa has a consistent record of participating in world politics one that pre dates colonization and continues today In continuance of this legacy of active participation in global political exchanges Africans today can be heard in dialogues that span the world and their roles are impossible to replace by other entities It is evident that a vastly different Africa exists than ones that bolster images of starvation corruption and compliance The essays in this volume center on Africa and Africans participating in international political discourses but with an emphasis on various forms of expression and philosophies as these factors heavily influence Africa s role as a participant in global politics The reader will find a variety of essays that permeate surface discussions of politics and political activism by inserting African culture rhetoric philosophies into the larger discussion of international politics and Africa s role in worldwide political social and economic debates

Oyèrónké Oládém?,2022-07-19 Uncovers the influence of Yoruba culture on women s religious lives and leadership in religions practiced by Yoruba people Women in Yoruba Religions examines the profound influence of Yoruba culture in Yoruba religion Christianity Islam and Afro Diasporic religions such as Santeria and Candombl placing gender relations in historical and social contexts While the coming of Christianity and Islam to Yorubaland has posed significant challenges to Yoruba gender relations by propagating patriarchal gender roles the resources within Yoruba culture have enabled women to contest the full acceptance of those new norms Oyeronke Olademo asserts that Yoruba women attain and wield agency in family and society through their economic and religious roles and Yoruba operate within a system of gender balance so that neither of the sexes can be subsumed in the other Olademo utilizes historical and phenomenological methods incorporating impressive data from interviews and participant observation showing how religion is at the core of Yoruba lived experiences and is intricately bound up in all sectors of daily life in Yorubaland and abroad in the diaspora **Rays of the Sun**

Ogedengbe Adeyemi,2012-08-21 It must be born in the mind that the tragedy of life doesnt lie in not reaching our goals The tragedy lies in not having a goal to reach for This is what Mr Idos Ukechukwu realised when he lost his job as a marketing manager following the recapitalization policy made by the Nigeria Central Bank governor He learned a cold and bitter lesson of unemployment He however became a mentor to his only son Samuel Is it something worth living for to make a landmark in the land of the living What kind of positive impact could Samuel possibly render to Folarins household a highly respectable family who had the world to their feet This is an inspirational story about life love and success EXCERPTS This is an inspirational story that shows the simple rule to success and happiness the publisher Prime Afrique Magazine
