## Introduction

The County of Hawaii Mass Transit Agency (MTA) currently operates on a flagstop basis. With increased ridership, MTA is moving into a designated bus stop program. SSFM International, Inc. (SSFM) was contracted to identify locations for bus stops islandwide and to determine if locations warrant an official bus stop listed in the Hawaii County Code. Official bus stops will need to be Americans with Disabilities Act (ADA) compliant.

This document is the third report in a three part series outlining improvement recommendations for the existing transit system. The first report, "Inventory and Initial Screening Report," was previously delivered which consisted of a complete inventory of 575 existing bus stops islandwide. The second, "Data Base of Priority Stops," takes into consideration a variety of determining factors and identifies a list of 224 bus stop locations recommended for improvements.

This report contains recommendations for 89 stops which should be made official in the Hawaii County Code. The report is organized into six sections:

- 1.0 Recommendations for Official Bus Stops** - Official bus stops are ones that need to be approved and cited in the Hawaii County Code. This is necessary primarily in cases where a "No Parking Zone" needs to be established to make room for bus stops.
- 2.0 Recommendations for ADA Compliance** - In order for a bus stop to become an official Hawaii County Code listed stop, it must first comply with The Americans with Disabilities Act (ADA). ADA primarily serves as a standard of design guidelines to ensure that those with disabilities have access to the same public amenities as those of other riders. This section describes what needs to be done to bring each official stop into compliance.
- 3.0 Recommendations for Bus Pullouts** - Bus Pullouts are recommended for stops where safety and traffic conditions and space allow for a dedicated space for buses to pull completely off the road.
- 4.0 Amenities** - This section outlines amenities and improvement recommendations for all 224 priority stops.
