, *Psychology* Gina Rossi, 2012-05-02 This book represents a selection of chapters that address several topics from the broad domains of psychology alcoholism clinical interventions treatment of depression personality psychology qualitative research methods in psychology and social psychology As such we have interesting blend of studies from experts from a diverse array of psychology fields The selected chapters will take the reader on an exciting journey in the domains of psychology We are sure the content will appeal to a great audience **Smart Parenting, Smarter Kids** David Walsh, 2011-06-14 Every week new discoveries about the brain make the news often promising parents the latest right way to nurture their kids developing brains and behavior And every day there s a new technology that demands your child s attention a new game or toy that purports to make your kid smarter and a new snack promising to be healthy as well as tasty How s a busy parent to make heads or tails of all these claims You turn to Dr David Walsh an expert at translating the headline making cutting edge findings into practical suggestions for parenting today In his previous bestseller *Why Do They Act That Way* Walsh showed how to manage the difficult teenage years by understanding how the adolescent brain develops Now he s written a complete guide to parenting from birth through the teen years with recommendations that will help maximize any child s potential *Smart Parenting Smarter Kids* doesn t just describe new research findings or explain interesting brain facts It equips parents with usable information across a range of topics like exercise nutrition play sleep stress self discipline emotional intelligence and connection Some discoveries in neuroscience confirm age old parental wisdom while others may prompt you to make immediate changes Still other brain discoveries help explain behaviors that have puzzled parents forever like why friendly easygoing kids can become withdrawn and sullen dragons overnight when they enter adolescence or why girls and boys tend to have such different classroom experiences Filled with helpful quizzes and checklists for easy reference *Smart Parenting Smarter Kids* gives specific advice about how to make the best daycare preschool and schooling decisions for your kids for example how to deal with stressful events as a family and how to manage your child s internet and media use And all these findings across different fields of research work together in reaching the same goal When children are guided to eat sleep play exercise learn and connect with others in healthy ways their minds blossom and they are able to reach their full potential academically socially physically and emotionally These real life applications in Dr Walsh s new book put science into practice with a personal plan that explains how and why you can parent with the brain in mind International Child Law Trevor Buck, 2020-09-10 *International Child Law* examines the international laws for children at both a global and a regional level In particular the UN Convention on the Rights of the Child is described and critically assessed while at the regional level the child in Europe is examined and how far the ECHR is engaged as a vehicle to progress childrens rights Other key issues increasing regulated by international child law are spotlighted child labour child abduction and inter country adoption This book provides the reader with a sound

understanding of the international law framework and issues relating to children and is a useful resource to those undertaking advanced study and or research in this area

John Penry William Pierce,1923 **Parental Questionnaires as a Reliable Instrument for the Assessment of Child Language Development** Maria-José Ezeizabarrena,Melita Kovacevic,2024-09-13 Language is crucial in child development Therefore general questions such as what are the possible challenges in language acquisition or such as how well the my child is doing are commonly present for researchers clinicians teachers and parents Parent child interaction offers a privileged setting to observe children s behavior in multiple communicative situations which often is only available to the parents caregivers For this reason within the broad range of methods used to assess children s development parental questionnaires are widely used being a non invasive and inexpensive instrument to obtain information which is otherwise difficult to obtain Data obtained with the many questionnaires covering various aspects of child development and communicative competence are equally relevant for basic research and everyday clinical practice Development and use of parental questionnaires as well as data interpretation frequently require an interdisciplinary and cross sector approach bringing together developmental psychologists and practitioners This interdisciplinarity is assumed but rarely addressed directly

Parents in the Spotlight Tanja Betz,Michael-Sebastian Honig,Ilona Ostner,2017-07-17 Children and parents have become a focus of debates on new social risks in European welfare states Policymaking elites have converged in defining such risks and they have outlined new forms of parenting support to better safeguard children and activate their potential Increasingly parents are suspected of falling short of public expectations Contributors to this special issue scrutinize this shift towards parenting as performance and analyse recent forms of parenting support

The Hague Child Abduction Convention Rhona Schuz,2014-07-04 International child abduction is one of the most emotionally charged and fascinating areas of family law practice The 1980 Hague Convention on the Civil Aspects of International Child Abduction was the response of the international community to the increase in the phenomenon of parental child abduction However behind the widely acclaimed success of this Convention which has now been ratified by more than 90 states lie personal tragedies academic controversy and diplomatic tensions The continuing steady flow of case law from the various Member States has resulted in the emergence of different approaches to the interpretation of key concepts in the Convention In addition over the years other global and regional legal instruments and the recommendations of the Special Commissions have had an impact on the implementation of the Convention This book brings together all these strands and provides an up to date clear and highly readable discussion of the international operation of the Abduction Convention together with in depth critical academic analysis in light of the objectives of the Convention and other relevant legal norms such as the 1989 UN Convention on the Rights of the Child Throughout the book examples are brought from case law in many jurisdictions and reference is made to relevant legal and social science literature and empirical research Over the past decade increasing focus has been placed on what might be seen as

procedural issues such as separate representation for children undertakings judicial liaison and mediation The book analyses the significance of these developments and the extent to which they can help resolve the continuing tension between some of the objectives of the Convention and the interests of individual children This book will be essential reading for judges practitioners researchers students policy makers and others who are seeking a critical and informed analysis of the latest developments in international abduction law and practice From the Foreword by Brenda Hale Justice of the Supreme Court of the United Kingdom This book is as far as I am aware the first scholarly monograph to study the interpretation and application of the Convention across the whole legal space which it occupies and to critically assess these in light of the object and purposes of the Convention and other relevant legal norms Cases are drawn from many jurisdictions to discuss how different countries interpret the Convention and links are made with relevant statistical social and psychological research in a thoughtful discussion of the significance of such material both to judicial decision making and to policy development a study which deserves to be read by anyone with an interest in the modern phenomenon of international child abduction whether judge practitioner policy maker parent researcher or scholar There is plenty for us all to think about

International Parental Child Abduction and the Law Geraldine Carney, 2024-06-13 Japan has faced widespread scrutiny for failing to properly address international parental child abduction involving its citizens This book examines how and why Japan has come to have this tarnished image its response and how it might manage these disputes in the future In particular the book explores how Japan engages with international legal frameworks to manage international parental child abduction and what this means in reality for Japanese people and others who come under its wide umbrella A focus of this examination is how the key international treaty the Hague Convention of 25 October 1980 on the Civil Aspects of International Child Abduction has fared since being introduced in Japan in 2014 Case studies of parental child abduction involving Japan are used throughout to illustrate the legal and social concepts discussed in the book The struggles of both abducting and left behind parents across fluid international borders reveal seismic social and philosophical shifts in Japan that continue to shape its legal landscape This book will be a useful resource for students of Japanese Studies Sociolegal Studies Comparative Law and International Law **Customer Loyalty and Success** J. Lynch, 1995-06-19 This new book focusses upon customer care in relation to Human Resource Management issues and strategic planning It addresses the objective of customer loyalty and retention in relation to business success and shows how this can integrate a company's strategy with regard to Marketing Human Resource Management Quality and Management of Change This is an innovative book in a topical area that draws upon case study material **Mergers, Acquisitions, and Buyouts, June 2022 Edition w/Letter (IL)** Ginsburg & Levin, Rocap, **Local Democracy Under Siege** Dorothy Holland, Catherine Lutz, Lesley Bartlett, Marla
