SPEECH AND LANGUAGE ASSESSMENT REPORT

Student:	Bart Simpson	School:	Springfield Elementary
Date of Birth:	4/1/2003	Examiner:	Nina Rivera, MS, CCC-SLP
Primary Language:	Spanish	English Proficiency:	Early Intermediate
Language of Assessment:	English	Type of Evaluation:	Initial Triennial
Grade: 3	Ethnicity: Hispanic	Age: 8; 5	Sex: M
Assessment Date(s):	9/15/2011, 9/16/2011	Report Date:	Open on IEP due 10/15/2011
Parent(s)/Caregiver(s):	Marge Simpson, Homer Simpson	Parent/Guardian Contact Information:	742 Evergreen Terrace Springfield, USA 1-(734)-55-7890

REASON FOR REFERRAL/BACKGROUND INFORMATION:

Bart is an assessment for his triennial review to answer the following questions:

1. Does Bart continue to require speech and language services to meet the listening and speaking component of the curriculum?
2. Does Bart meet special education eligibility to receive speech and language services?
3. What are Bart's current needs of speech and language functioning?

Bart is a 9;11 year old, kindergarten student currently enrolled in a general education setting with support from speech and language services. Bart is currently eligible for special education services under the area of Intellectual Disability (ID). Bart currently lives with his mother, Margo, father, Barney, and two younger sisters, Lisa, 6, and Maggie, 1. Bart often is babysat by his grandfather, Abraham. Bart's parents have expressed concern regarding his speech and language functioning, and concurred with the Guarantee performance. Bart's parents would like Bart to learn, and have requested a full cognitive educational evaluation, in addition to his speech and language triennial evaluation. Bart has made significant progress with his language and articulation abilities and has currently met all goals.

At Bart's initial IEP dated 7/7/2010, the multidisciplinary team identified Bart's primary disability as Developmentally Delayed (DD), with delays in cognitive functioning and language skills, and a secondary diagnosis of Speech and Language Impairment (SLI). The team determined the best educational environment (LRE) for Bart was a Special Day Class/Moderate (SDC/MM) for preschool. At Bart's most recent annual IEP dated 9/15/11, it was reported that Bart met all classroom goals in ELA, Language Arts and Math. Bart had also met SLP speech and language goals. Based on progress made, it was decided Bart's primary eligibility was DD vs Intellectual Disability (ID). The team also decided that moving forward to kindergarten, the least restrictive environment for Bart would be general education with support from SAI, 3x30/week. It was reported that due to the placing age at the time of initial testing and significant language delays that Bart's cognitive abilities be reassessed, as part of his transition to gain a better estimate of his skills.

Bart is a native Spanish speaker. Bart's parents and grandfather speak Spanish at home. Bart has overall fairly conversational English proficiency as demonstrated by his recent CELDT scores. The assessment was conducted in English based on CELDT scores and Bart educational experience with English. Bart passed his most recent hearing and vision screening performed by the school nurse on 11/20/2010.

Previous SLP Assessment Results

On Bart's initial speech and language assessment dated 7/7/2010 he was given the Preschool Language Scale-4th Edition, Spanish Edition (PLS-4S). The PLS-4 assess receptive/auditory and expressive communication skills in children birth through 6;11. Bart's Auditory Comprehension standard score was 105 and Expressive Communication standard score was 70. A Total Language standard score was not reported.

PRESENT ORAL COMMUNICATION/OBSERVATION:

Bart entered the speech room willingly with greetings. Bart used appropriate greetings upon entering the room, quickly made eye contact and said "hello" to the SLP. Bart was able to answer questions about school and his family. Bart's general affect appeared typical and happy. At times Bart appeared anxious and demonstrated impulsive behaviors, such as rushing over the SLP while she was reading test questions, commenting on the pictures before a question was asked, kicking his feet and legs, repeatedly tapping both his feet on the ground, standing around in his chair, and making very little eye contact. Bart frequently asked, "Is that the last one?" and at times appeared to have difficulty listening to the tests. Bart attempted all test questions, was self-corrected throughout testing and did not require any breaks.

Speech Room Observations

Sample Of A Speech Diagnostic Summary Report
