Connors,2019-11-10 Samsung a leader in electronics technology has been known to break boundaries in Phone technology

And with the Galaxy Tab S6 they have proven their mettle. It released the tablet to the market recently and we can't stop talking about the HDR10. It is the world's first tablet to support this technology. This is one key feature about this device. It took partnerships with Century Fox and Panasonic to pull this off. The HDR, otherwise known as the High Dynamic Range, is a video technology that optimizes one of the best displays in mobile devices. Its brightness, contrast, and color level accuracy are simply amazing. This Tablet is powered by Qualcomm's Snapdragon 855 Mobile Platform. With two variants that supports 6GB of RAM, 128GB of internal Storage and 8GB of RAM, 256GB of Internal storage. Samsung has got us wowed. What everyone won't stop taking about is the all new S Pen stylus, an attractive feature for a power tab that hosts 7,040mAh battery capacity. This tab supports a detachable keyboard for maximum functionality. The Samsung Galaxy Tab S6 has achieved many things with its release. For one, it has integrated work and fun. Coming handy as a tool for business dealings, it features a detachable keyboard and an S Pen integrated for serious business activities. You don't need to bother with carrying that PC all around. The Galaxy Tab will do the job and do it just fine. Maybe better. It prepares you for grabbing those opportunities that life throws your way. Now you can make those powerful presentations, scribble important notes, and lots more. Now comes the fun part. Like we outlined earlier, this tablet supports full HDR10 technology. The first of its kind in the market. This Tablet has been designed to meet your entertainment needs. It is really a full film studio on its own. Now you can enjoy quality videos and actually create one yourself. A 13MP rear camera with ultra wide angles and a smart AI would see to that. High powered entertainment needs high storage. The Samsung Galaxy Tab doesn't fail in this regard. Here we have a Laptop Storage capacity in a tablet frame. The processing power won't fail you either. A lag free tab, this is. We won't fail to mention its monster battery. A 7,040mAh battery means there's actually no need to worry about your device tripping OFF on you. It simply can't. With Bixby, everything's smart. Your tab has become a one stop shop for controlling your appliances, even when you're far from home. Samsung's done a nice job here and for us, it is a pat on the back from us to them. Now let's get into the main business of providing you with a quality manual to go with this beast of a device. We sincerely hope it answers your every question.
