[Handbook of Research on Inequities in Online Education During Global Crises](#) Kyei-Blankson, Lydia,Blankson, Joseph,Ntuli, Esther,2021-05-07 In response to the COVID 19 pandemic many educational institutions implemented social distancing interventions such as initiating closure developing

plans for employees to work remotely and transitioning teaching and learning from face to face classrooms to online environments The abrupt switch to online teaching and learning for the most part has been a massive change for administration faculty and students at traditional brick and mortar universities and colleges as concerns regarding the pedagogical soundness of this mode of delivery remain among some stakeholders Not only that but the switch has also revealed the inequities in the system when it comes to the types of students universities serve It is important as institutions move forward with online instruction that consideration be made about all students and what policies and strategies need to be put into place to help support and meet the needs of all constituents now or when unprecedented situations arise The only way this can be done is by documenting the experiences through the eyes of faculty who were at the frontline of providing instruction and advising services to students The Handbook of Research on Inequities in Online Education During Global Crises brings to light the struggles faculty and students faced as they were required to switch to online education during the global COVID 19 health crisis This crisis has revealed inequities in the educational system as well as the specific effects of inequities when it comes to learning online and the chapters in this book provide information to help institutions be better prepared for online education or remote learning in the future While highlighting topics such as new educational trends remote instruction diversity in education and teaching and learning in a pandemic this book is ideal for in service and preservice teachers administrators teacher educators practitioners stakeholders researchers academicians and students interested in the inequalities within the educational systems and the new policies and strategies put in place with online education to combat these issues and support the needs of all diverse student populations

Reformas educativas del siglo XXI para un aprendizaje más profundo Fernando M. Reimers, 2022-01-31 Existe un consenso amplio en el plano internacional sobre el doble desafío que la pandemia del Coronavirus dejar tras de sí la mejora necesaria de la calidad de la educación y las restricciones de recursos disponibles para financiarla El primero de ellos supone ampliar la perspectiva de la educación orientándola hacia aprendizajes más profundos o competencias para el siglo XXI El segundo plantea el cómo asegurar una buena utilización de los recursos educativos disponibles para implementar de un modo efectivo reformas ambiciosas en contextos de restricciones financieras La obra partiendo de un análisis internacional comparado presenta la experiencia de seis países diversos con capacidades institucionales y financieras muy diferentes lo que permite ampliar el horizonte de la comparación Para ello examina Sistemas educativos con niveles muy diferentes de gasto por estudiante Reformas sistémicas que han prestado una especial atención al fortalecimiento de la capacidad para enseñar los aspectos básicos del currículo como en Ontario Canadá y el Punjab Pakistán Reformas que han buscado desarrollar capacidades para enseñar un conjunto de competencias y destrezas mucho más amplio como en Kenia México Singapur y Zimbabue Reformas emprendidas en momentos distintos del ciclo de implementación de las políticas en algunos casos apenas incipientes como Kenia y Zimbabue en otros como México luchando por sobrevivir a una transición gubernamental y aún en otros como Ontario Punjab y Singapur

donde esos ciclos existen desde hace tiempo A partir del estudio comparado de todo lo anterior se extraen algunas lecciones sobre la puesta en práctica de reformas educativas orientadas a enseñar las competencias del siglo XXI en entornos diversos A la vista de los diferentes análisis se advierte que la educación del siglo XXI sigue siendo un objetivo huido abrazado de forma retórica por reformas de los sistemas educativos en diversas fases de implementación pero que todavía no se refleja en la aplicación de estrategias capaces de estar a la altura de las expectativas generadas El libro pretende promover el diálogo social sobre cómo compensar los costes educativos que dejar tras de sí la pandemia y sobre cómo lograr que a su término hayamos sido capaces de construir mejores sistemas educativos alrededor del mundo

Beyond the Enclave Godfrey Kanyenze, Timothy Kondo, 2011-07-26 Beyond the Enclave sets out to unravel the contradiction of a country Zimbabwe where a rich diverse resource base co exists with endemic poverty One reason lies in the colonial economy which was predicated on an ideology of white supremacy creating an enclave formal economy employing one fifth of the labour force Yet over three decades after independence the non formal segment has become even more entrenched This book assesses Zimbabwes economy through three main phases 1980 90 when a strong social policy framework proved difficult to sustain due to erratic growth and 1991 96 when structural adjustment demanded a market driven approach to development The third phase is characterized by crisis management leading to policy inconsistencies and reversals Not surprisingly such incoherence saw the economy descend into hyperinflation and paralysis in 2007 2008 leading to the signing of the Global Political Agreement in September 2008 In the absence of formal dollarization economic recovery after the adoption of the multi currency regime has remained fragile leaving an estimated 70 per cent of the population outside the banking system This has further entrenched uneven enclave growth as the economy remains locked in a low income poverty trap There is a need to facilitate transition towards formality to promote decent jobs Furthermore a strategic developmental role for the state in the economy is now widely recognized as vital for development Beyond the Enclave argues for a new approach to development in Zimbabwe based on pro poor and inclusive strategies which will contribute to the well being of all of its citizens and wise stewardship of its resources It offers suggestions on policy formulation implementation monitoring and evaluation in all sectors designed to promote inclusive growth and humane development
