Sexed Up Julia Serano, 2022-05-17 The author of landmark manifesto *Whipping Girl* exposes the violent ways we are all sexualized then offers a bold path for resistance Feminists have long challenged the ways in which men tend to sexualize women But pioneering activist biologist and trans woman Julia Serano argues that sexualization is a far more pervasive problem as it's something that we all do to other people often without being aware of it Why do we perceive men as sexual predators and women as sexual objects Why are LGBTQ people stereotyped as being sexually indiscriminate and deceptive Why are people of color still being hypersexualized These stereotypes push minorities farther into the margins and

even the privileged are policed from transgressing lest they also become targets Many view sexualization as a mere component of sexism racism or queerphobia but Serano argues that liberation from sexual violence comes through collectively confronting sexualization itself
