Grade Equivalency

Grade Equivalent Description

Grade equivalent scores represent the grade level of a student's demonstrated ability based upon the number and difficulty of questions answered correctly. Grade equivalent scores are given as a decimal with the grade level year preceding the decimal point and month into that grade following the decimal point. For example, a grade equivalency score of 8.2 means that the student tested at 8th grade and two months into the 8th grade. In the graphs below, the red line indicates the tested grade level of the student and the bars represent testing results above or below that grade level.
