Lalic,1988-06 A postwar Serbian poet captures the spirit of the classical in his newly translated book of poems Ivan V Lalic is one of the most important Serbian poets of the postwar generation In *Roll Call of Mirrors* the translator Charles Simic a native Yugoslavian captures these poems in Lalic s own idiom He retains their spare beauty from the lyrical intensity of the early poems by a poet destined to burn to his later love of sonnets to his most recent more meditative work on what geometry dreams and on the art of the poet standing before

the mirror fearless Of the returning image Although Lalic is part of a generation of Yugoslavian poets considered modernist the spirit of his poetry is classical calling up Roman triumphal arches Orpheus descending into Hades Lazarus rising from the tomb and Byzantine warriors with their breastplates of bronze Byzantium is for Lalic both the historical city spiritual and also the mythical home from which we all have been exiled According to Simic in Lalic s poetry the historical and the mythical are in dialogue Like the icon or the fresco his poems begin with metaphors that through meditation reflect and give meaning to identity

Fire and Snow Marc DiPaolo,2018-07-11 Fellow Inklings J R R Tolkien and C S Lewis may have belonged to different branches of Christianity but they both made use of a faith based environmentalist ethic to counter the mid twentieth century s triple threats of fascism utilitarianism and industrial capitalism In Fire and Snow Marc DiPaolo explores how the apocalyptic fantasy tropes and Christian environmental ethics of the Middle earth and Narnia sagas have been adapted by a variety of recent writers and filmmakers of climate fiction a growing literary and cinematic genre that grapples with the real world concerns of climate change endless wars and fascism as well as the role religion plays in easing or escalating these apocalyptic level crises Among the many other well known climate fiction narratives examined in these pages are *Game of Thrones* *The Hunger Games* *The Handmaid s Tale* *Mad Max* and *Doctor Who* Although the authors of these works stake out ideological territory that differs from Tolkien s and Lewis s DiPaolo argues that they nevertheless mirror their predecessors ecological concerns The Christians Jews atheists and agnostics who penned these works agree that we all need to put aside our cultural differences and transcend our personal socioeconomic circumstances to work together to save the environment Taken together these works of climate fiction model various ways in which a deep ecological solidarity might be achieved across a broad ideological and cultural spectrum This book is freely available in an open access edition thanks to Knowledge Unlatched an initiative that provides libraries and institutions with a centralized platform to support OA collections and from leading publishing houses and OA initiatives Learn more at the Knowledge Unlatched website at <https://www.knowledgeunlatched.org> and access the book online at the SUNY Open Access Repository at <http://hdl.handle.net/20.500.12648/7137>

takes her four subjects from turbulent turn of the century Eastern Europe to the radical ferment of New York's Lower East Side and the gaslit tenements where young workers studied together Drawing from the women's writings and speeches she paints a compelling picture of housewives food and rent protests of grim conditions in the garment shops of factory floor friendships that laid the basis for a mass uprising of young women garment workers and of the impassioned rallies working women organized for suffrage From that era of rebellion Orleck charts the rise of a distinctly working class feminism that fueled poor women's activism and shaped government labor tenant and consumer policies through the early 1950s

All the Best for the Future Greg James, 2025-09-25 Brilliantly funny and life affirming stories of growing up from much loved Radio 1 presenter and bestselling children's author Greg James When Greg James was ten years old his nylon shell suit clad idols the Chuckle Brothers to me to you signed an autograph from them to him with the message All the best for the future It was a weirdly formal message for a kid Ten year old Greg had no idea what the future held no clue what was in store for him as he carried on through life How could he No

one really knows what's coming. We all have big dreams and small ones, ideas about how we want our lives to pan out when you'll get married, where you'll live, how many children you want, what you want to be when you grow up. We race through the milestones desperate to unlock life's next level and before you know it you're a grown up. That's all well and good but have you remembered to have fun along the way? Whether it's entertaining the nation with his hugely popular BBC Radio 1 Breakfast Show, writing big funny adventures for kids with his bestselling children's books, finding the joy in cricket and F1 in his podcasts Tailenders and The Fast and the Curious, or posting stupid videos of his adorable but quite thick dog Barney, Greg's focus is to put a smile on people's faces because let's face it, having fun is something we all forget to prioritise sometimes. In *All the Best for the Future*, Greg looks at how he thought his life would go and shares the things that wind him up, make him sad, make him laugh, and the little passions and interests that he relies on to get him through the day, whether it was a good one or a bad one. He tells us who he is, who he thought he'd be, and who he still thinks he could be. Most of all, though, his message for everyone is not to let go of that inner child as he navigates how to grow up without growing old. It's possible to be fully functioning adults with bills to pay and a dog to look after and still find time to play with a train set.
