

WELLAND GOULDSMITH SCHOOL- PATULI

CLASS – XI

SUBJECT- ENGLISH LITERATURE

CHAPTER- SHORT STORY: SALVATORE

ANSWER KEY

1. Salvatore is the protagonist of William Somerset Maugham's story. The character of Salvatore evolves into an **epitome of true love and affection**.

Salvatore, being the eldest brother, used to **take care of his two younger brothers** as a responsible guardian. It was **out of a sense of love and affection**. He would not let them venture too far into the sea. He would also dress them up when they had to climb up the hot hill for the midday meal.

Salvatore fell **madly in love with a pretty girl**. They were affianced but could not marry till Salvatore had completed his compulsory military service. When he became a sailor in the navy, he wept like a child. He felt dreadfully homesick and **parting from the love of his life shattered him**. He used to write **long passionate letters** telling her how much he missed her and longed to see her.

Salvatore Answer Guide

Sound & Rhythm. Understanding Spoken English Nancy Lippmann, 2009 **Self-Regulated Learning and Academic Achievement** Barry J. Zimmerman, Dale H. Schunk, 2013-05-13 This volume brings together internationally known researchers representing different theoretical perspectives on students self regulation of learning Diverse theories on how students become self regulated learners are compared in terms of their conceptual origins scientific form research productivity and pedagogical effectiveness This is the only comprehensive comparison of diverse classical theories of self regulated learning in print The first edition of this text published in 1989 presented descriptions of such differing perspectives as operant phenomenological social learning volitional Vygotskian and constructivist theories In this new edition the same prominent editors and authors reassess these classic models in light of a decade of very productive research In

addition an information processing perspective is included reflecting its growing prominence Self regulation models have proven especially appealing to teachers coaches and tutors looking for specific recommendations regarding how students activate alter and sustain their learning practices Techniques for enhancing these processes have been studied with considerable success in tutoring sessions computer learning programs coaching sessions and self directed practice sessions The results of these applications are discussed in this new edition The introductory chapter presents a historical overview of research and a theoretical framework for comparing and contrasting the theories described in the following chapters all of which follow a common organizational format This parallel format enables the book to function like an authored textbook rather than a typical edited volume The final chapter offers an historical assessment of changes in theory and trends for future research This volume is especially relevant for students and professionals in educational psychology school psychology guidance and counseling developmental psychology child and family development as well as for students in general teacher education
