To Whom It May Concern,

It is with great pleasure that I write this letter of recommendation for Pat Puccini. Pat volunteered in my Special Education Class from December 2014 to June 2015. He immediately stood out as a future educator with many strengths and skill sets to share. He developed a positive rapport with my students, a class of mostly junior boys with varying exceptionalities and needs. When he wasn't in, the students were always asking for him. He was confident to work with the students in small group and 1:1. Pat also developed relationships with the other teachers on staff. He displayed dedication, and passion in regards to what was best for the students, and this became more apparent as he got to know the students and their individual needs. His caring nature was evident in the way he addressed all students in the classroom, in the halls or on the playground. Pat is a true role model.

Pat is hardworking, conscientious and very mindful of student needs. He did not hesitate to ask for advice or help. Pat was very interested in learning about Special Education in the classroom to further his own learning and knowledge.

It was a pleasure having Pat Puccini in my class and his attitude, dedication and passion will make him a very valuable asset to any school community.

Sincerely,

Tanya Armstrong

The only thing she did if she like the intruder as she always called person was to reduce the number of strokes to be given out to any offender who had an interceder The offender might be lucky to have just twelve lashes Sometimes she might be infuriated by the plea from a neighbour and so increase the number of strokes to twenty four Tired to receiving entreaties from any one on behalf of any offending servant she devised another method of flogging her offenders She kept a number of canes in her bedroom As soon as a servant committed any offence she sent the culprit to fetch something for her from her bedroom She was always obeyed Seconds later she would close up with the offender in her bedroom lock up the door and empty as many canes she wanted on the culprit The best the pleading neighbours could do was to pled for mercy for the would open the windows Such pleas normally fell on deaf ears as she would open the door release the culprit only when she was satisfied that she had meted out of the offender sever punishment as she pleased Remaking the Rhythms of Life Oliver Zimmer,2013-02-28 The late nineteenth century marked a period of profound change in the German lands characterized by rapid economic growth increased migration ideological conflict and cultural innovation Throwing new light on a series of hotly debated topics Oliver Zimmer explores how people drew on their creative energies to find their place in the world **Resources in Education** ,1998 *Accounts and Papers of the House of Commons* Great Britain.
