water level sensors water sensor water level sensor is an easy to use cost effective high level drop recognition sensor which is obtained by having a series of parallel wires exposed traces measured droplets water volume in

**contactless liquid level controller system using pic microcontroller** - Aug 03 2022

web pic microcontroller in this contactless liquid level controller system the pic 18f452 microcontroller have been used for the intelligent control of this system it 40 pins integrated circuit ic powered up with 5v dc and interfaced with ultrasonic module lcd display and load transistor

**water level indicator and controller using pic microcontroller** - Mar 30 2022

web controlling section circuit diagram water level indicator controller using pic microcontroller the soul of the controlling section is pic16f877a it process the data given by the receiver section lcd display led indications and motor status are updated according to the data
