Not 2014 Convention Jehovahs Witness:

Law of the European Convention on Human Rights David John Harris, Michael O'Boyle, Ed Bates, Carla Buckley, 2023 This seminal text offers a comprehensive account of the case law of the ECHR and its underlying principles It provides a guide to decisions under the Convention and its protocols article by article as well as explaining the history and likely development of the law **Freedom of Religion or Belief in the European Convention on Human Rights** Caroline K.

Roberts, 2023-11-23 It challenges the classic scholarly approach to ECHR Article 9 and related ECtHR jurisprudence and offers an alternative interpretation **The African Conundrum** Mawere, Munyaradzi, Mubaya, Tapuwa R., 2017-05-22 The African conundrum is rooted out of the historical philosophical and cultural bastardisation imbalances and inequalities which many post colonial African governments have always sought to address though with varying degrees of success since the 1960s Lamentably this African conundrum is rarely examined in a systematic manner that takes into account the geopolitical milieu of the continent past and present This volume seeks to interrogate and examine the extent of the impact of the geopolitical seesaw which seems poised to tip in favour of the Global North The book grapples with the question on how Africa can wake up from its cavernous intellectual slumber to break away from both material and psychological dependency and achieve a transformative political and socio economic self reinvention and self assertion While the African conundrum is largely a result of historic oppression and a resilient colonial legacy this book urges Africans to rethink their condition in a manner that makes Africa responsible and accountable for its own destiny The book argues that it is through this rethinking that Africa can successfully transcend the logic of post imperial dependency **Jehovah's Witnesses** George D.

Chryssides, 2022-01-27 What would happen if I accepted an invitation to Bible Study from Jehovah s Witnesses What would attending a Kingdom Hall meeting involve And if I invited door knocking Witnesses into my home This book introduces Jehovah s Witnesses without assuming prior knowledge of the Watch Tower organization After outlining the Society s origins and history the book explains their key beliefs and practices by taking the reader through the process of the seeker who makes initial contact with Witnesses and progresses to take instruction and become a baptized member The book then explores what is involved in being a Witness congregational life lifestyle rites of passage their understanding of the Bible and prophetic expectations It examines the various processes and consequences of leaving the organization controversies that have arisen in the course of its history and popular criticisms Discussion is given to the likelihood of reforms within the organization such as its stance on blood transfusions the role of women and new methods of meeting and evangelizing in response to the COVID 19 pandemic *The United Nations Convention Against Torture and its Optional Protocol* Manfred Nowak, Moritz Birk, Giuliana Monina, 2019-12-19 The prohibition of torture the right to physical and mental integrity is guaranteed in the strongest terms under international law It is protected as an absolute right non derogable even in times of war or public emergency under many human rights treaties and is also generally accepted as a part of customary

international law and even *ius cogens* The main instrument to combat torture within the framework of the United Nations is the Convention Against Torture and other Cruel Inhuman or Degrading Treatment or Punishment CAT This Commentary explores the problematic definition of torture in the Convention the substantive obligations of States parties the principle of non refoulement provisions for international monitoring and also the concept of preventative visits to all places of detention as contained in the Optional Protocol to the CAT It also covers issues including the distinction between torture and cruel inhuman or degrading treatment and the principle of non admissibility of evidence extracted under torture Full article by article commentary on the Convention also provides historical context and thorough analysis of case law and practice from international and regional courts and monitoring bodies Relevant case law from domestic courts are also discussed Despite the broad ratification and the universal recognition of the prohibition of torture and other forms of ill treatment we witness a global crisis affecting the majority of countries worldwide In recent years the protection of human rights is experiencing a particularly serious crisis also affecting the phenomenon of torture in which official narratives and public belief often trivialise and even endorse such practices in the name of security and the fight against terrorism ignoring the suffering and damages it causes On the other hand the positive experiences in some States illustrate that torture can be eradicated if the provisions of CAT and OPCAT are taken seriously and are being fully implemented This is an open access title available under the terms of a CC BY NC 4 0 International licence It is offered as a free PDF download from OUP and selected open access locations
