## Note-Taking Guide (CER)

Activity Title: Aquatic Ecosystems- Developing

| Activity Scoreboard<br>when finished, circle highest score achieved |   |   |   |   |   |
|---------------------------------------------------------------------|---|---|---|---|---|
| Attempt #                                                           | 1 | 2 | 3 | 4 | 5 |
| Date                                                                |   |   |   |   |   |
| Score                                                               |   |   |   |   |   |

## Claim:

There are different aquatic systems with diverse organisms.

| Evidence                                                                              | Reasoning/Justification                                                                   |
|---------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------|
| Aquatic ecosystems have abiotic - temp, light, salinity, depth                        | Different organisms can tolerate different factors                                        |
| Some organisms prefer fresh water vs. saltwater. Bull sharks + manatees tolerate both | Bull sharks and manatees are very different, but tolerate same conditions                 |
| Depth reduces light and increases pressure. Organisms deal with this differently.     | Many types of adaptations exist to survive in these conditions                            |
| The geography of an aquatic environment can determine the life forms present.         | Continental shelf gets lots of light, so there's many living things. Not so in the abyss. |
| Photosynthesis takes place in the neritic zone.                                       | It is the most productive area of the ocean. Plankton are base of food chain.             |
| Metabolism is affected by temp. Many species are cold-blooded.                        | Organisms can migrate or must have adaptations to survive.                                |

*Internal Medicine Training Notes and Survival Guide* Kehua Zhou,2024-11-01 The purpose of this unique title is to provide internal medicine residents and physicians as well as other professionals engaged in internal medicine practice with a single resource of comprehensive abundantly helpful time saving training and practice notes Developed by a now highly experienced hospitalist physician during his three years residency training in internal medicine as well as during

his current role as a practicing hospitalist these notes provide a broad framework and tool not only for the learning and practicing of internal medicine after graduation from professional schools and during training but after residency training as well The majority of the notes were presented as one to a few sentences rendering the information succinct and easy to digest The notes also provide simple key information in patient care including but not limited to the workup and management of a wide range of clinical scenarios The book was divided into three general areas 1 daily notes taken during the author's residency training in the format of a diary with the original dates but updated knowledge and information 2 notes for outpatient medicine and clinical subspecialties and 3 notes as a hospitalist The daily notes were based on knowledge and experiences the author learned from actual clinical cases workup medication regimen patient education and sometimes patient and family interactions The notes for outpatient medicine and clinical subspecialties were based on specific topics subspecialties and were heavily clinically oriented with a focus on patient care The addition of notes as a hospitalist was based on the author's duties as a hospitalist which requires knowledge and understanding of acute neurological and neurosurgical issues various types of cancers and some common yet complicated or uncommon clinical scenarios of infectious diseases A major contribution to the internal medicine education literature Internal Medicine Training Notes and Survival Guide An Insider's Roadmap for the Journey from Resident to Attending Physician will appeal to a wide readership including resident physicians practicing physicians physician assistants and nurse practitioners in internal medicine

**Public Health Service Publication** ,1960      **Previews** ,1979      **The Engineer** ,1891      *Critical Perspectives on 21st Century Friendship, Polyamory, Polygamy and Platonic Affinity* Rachel Bromwich,2019-10-01 This anthology takes an international and cross cultural approach to discussions about friendship by curating a set of diverse contributions situated in a transnational context These interdisciplinary contributions take friendship seriously as a subject of feminist and legal study and hone in specifically on polyamory polygamy and Platonic affinities considering the sexual and non sexual ties of affect and affinity that link a diverse range of contemporary friendships that exist cross culturally This highly original book teases out commonalities between experiences of affinity that are enmeshed with the differences between social national legal and cultural frameworks that surround these relationships of affinity and affect and troubles forms of government and legal regulation that prohibit or fail to recognize the consensual interdependence connecting diverse forms of human friendship
