Routledge International Handbook of Crime and Gender Studies Claire Renzetti, Susan Miller, Angela Gover, 2013-05-02
Criminological research has historically been based on the study of men boys and crime As a result the criminal justice system s development of policies programs and treatment regimes was based on the male offender It was not until the 1970s that some criminologists began to draw attention to the neglect of gender in the study of crime but today the study of gender and crime is burgeoning within criminology and includes a vast literature The Routledge International Handbook of Crime and Gender Studies is a collection of original cutting edge multidisciplinary essays which provide a thorough overview of the history and development of research on gender and crime covering topics based around theoretical and methodological approaches gender and victimization gender and offending gendered work in the criminal justice system future directions in gender and crime research Alongside these essays are boxes which highlight particularly innovative ideas or controversial topics such as cybercrime restorative justice campus crime and media depictions A second set of boxes features leading gender and crime researchers who reflect on what sparked their interest in the subject This engaging and thoughtful collection will be invaluable for students and scholars of criminology sociology psychology public health social work cultural studies media studies economics and political science

Family Ambiguity and Domestic Violence in Asia Maznah Mohamad, Saskia E Wieringa, 2013-06-06 This book revisits the issue of Domestic Violence DV in Asia by exploring the question of family ambiguity and interrogating DV s relationship between concept law and strategy Comparative experiences in the Asian context enable an examination of the effectiveness of family regulations and laws in diverse national cultural and religious settings Key questions relate to the limits and relevance of the human rights discourse in resolving family conflicts the extent to which power and control in intimate relationships can actually be regulated by a set of inanimate homogeneous and uniform policies and legislations and how the state relates to the family as an ambiguous unit given state rules of governance that perpetuate unequal gender relations Many of the difficulties in understanding DV have sprung from the fact that the family unit is ambiguous When the state intervenes e g reproductive health the family is treated as a public concern yet with respect to individual human multicultural rights the family is considered a private domain Complications and contradictions arise with regard to different legislative religious practices across Asia for example the enforcement of Sharia technocratic imperatives with regard to demographic goals of marriage and reproduction and state interference of gender imbalances and inequality The politics and culture around DV is thus a mirror of modern day Family State collusion which sustains rather than curtails discrimination based on sexuality and gender This book views gender inequality for instance in relation to heteronormativity as the fundamental basis of intimate violence rather than violence as a generic and neutral

phenomenon requiring generic solutions It offers new theoretical insights to the conceptualisation of the family culture and law with respect to DV And it provides reasoned new perspectives on the effectiveness inadequacy of present policies laws and enforcement strategies against domestic violence in Asia *Small Arms Survey 2014* Small Arms Survey, Geneva,2014-07-03 The Small Arms Survey 2014 considers the multiple roles of women in the context of armed violence security and the small arms agenda The volume s thematic section comprises one chapter on violence against women and girls with a focus on post conflict Liberia and Nepal and another on the recent convergence of the small arms agenda with that of women peace and security Complementing these chapters are illustrated testimonies of women with experience as soldiers rebels and security personnel The weapons and markets section assesses the potential impact of the Arms Trade Treaty presents the 2014 Transparency Barometer and an update on the authorised small arms trade and analyses recent ammunition explosions in the Republic of the Congo Additionally it examines ammunition circulating in Africa and the Middle East maps the sources of insurgent weapons in Sudan and South Sudan and evaluates crime gun records in the United States
