Robin Williams - When the Laughter Stops 1951-2014 Emily Herbert, 2014-10-12 With his twinkling eyes boundless energy and unrivalled natural wit Robin Williams was the comedian who brought laughter to a generation Through roles in cherished films such as Mrs Doubtfire Jumanji Aladdin and Hook he became the genial face of family comedy His child like enthusiasm was infectious sweeping viewers away Allied to his lightning quick improvisation and ability to riff lewdly off any cue thrown at him Robin was that rare thing a true comic genius who appealed to adults and children equally He could also play it straight and empathetic depth came to him naturally A poignant performance in Good Will Hunting won him an Academy Award whilst his masterfully chilling turn in psychological thriller Insomnia shocked audiences and hinted at a darker side What truly caught the imagination though was his good heartedness Warmth radiated from him on screen but he was legendary for his off screen acts of selfless generosity Where most Hollywood A listers demand outrageous pampering in their contract riders he always insisted that the production company hire a full quota of homeless people to help make his movies But behind the laughter lay a deeply troubled man and tragedy would follow At midday on 11 August 2014 Robin Williams was pronounced dead at his California home The verdict was suicide He had battled depression and addiction for many years and was allegedly beset by financial difficulties Virginia Blackburn s sensitive and thoughtful biography celebrates his genius and warmth but also attempts to understand what could have driven such a gentle and gifted man to so tragic an end This is Robin Williams the life the laughter and the deep sorrow of the man who made the world smile

Alvarez,2020-11-12 If creativity is the highest expression of the life impulse why do creative individuals who have made lasting contributions to the arts and sciences so often end their lives M F Alvarez addresses this central paradox by exploring the inner lives and works of eleven creative visionaries who succumbed to suicide Through a series of case studies Alvarez shows that creativity and suicide are both attempts to authenticate and resolve personal catastrophes that have called into question the most basic conditions of human existence **Age of Revolutions** Fareed Zakaria,2024-03-26 A New York Times Bestseller A Wall Street Journal Best Book of 2024 The CNN host and best selling author explores the revolutions past and present that define the polarized and unstable age in which we live Populist rage ideological fracture economic and technological shocks war and an international system studded with catastrophic risk the early decades of the twenty first century may be the most revolutionary period in modern history But it is not the first Humans have lived and thrived through more than one great realignment What are these revolutions and how can they help us to understand our fraught world In this major work Fareed Zakaria masterfully investigates the eras and movements that have shaken norms while shaping the modern world Three such periods hold profound lessons for today First in the seventeenth century Netherlands a fascinating series of transformations made that tiny land the richest in the world and created politics as we know it today Next the French Revolution an explosive era that devoured its ideological children and left a bloody legacy that haunts us today Finally the mother of all revolutions the Industrial Revolution which catapulted Great Britain and the US to global dominance and created the modern world Alongside these paradigm shifting historical events Zakaria probes four present day revolutions globalization technology identity and geopolitics For all their benefits the globalization and technology revolutions have produced profound disruptions and pervasive anxiety and our identity And increasingly identity is the battlefield on which the twenty first century s polarized politics are fought All this is set against a geopolitical revolution as great as the one that catapulted the United States to world power in the late nineteenth century Now we are entering a world in which the US is no longer the dominant power As we find ourselves at the nexus of four seismic revolutions we can easily imagine a dark future But Zakaria proves that pessimism is premature If we act wisely the liberal international order can be revived and populism relegated to the ash heap of history As few public intellectuals can Zakaria combines intellectual range deep historical insight and uncanny prescience to once again reframe and illuminate our turbulent present His bold compelling arguments make this book essential reading in our age of revolutions *The Age of Charisma* Taso Lagos,2023-11-25 Charisma encompasses power popularity and influence Yet behind the curtain complexity chaos and insecurity lurk Examining the lives of charismatic personalities in a variety of fields religion entertainment business sects etc a picture

Comedians of the 1950s Wes D. Gehring, 2016-10-27 The 1950s were a transitional period for film comedians The artistic suppression of the McCarthy era and the advent of television often resulted in a dumbing down of motion pictures Cartoonist turned director Frank Tashlin contributed a funny but cartoonish effect through his work with comedians like Jerry Lewis and Bob Hope A new vanguard of comedians appeared without stock comic garb or make up fresh faces not easily pigeonholed as merely comedians such as Tony Randall Jack Lemmon and Tony Curtis Some traditional comedians like Charlie Chaplin Red Skelton and Danny Kaye continued their shtick though with some evident tweaking This book provides insight into a misunderstood decade of film history with an examination of the personality comedians The talents of Dean Martin and Bob Hope are reappraised and the dumb blonde stereotype as applied to Judy Holliday and Marilyn Monroe is deconstructed
