2. The Defendants are the manufacturers of firecrackers. They are engaged in processing, handling and storage of explosive chemicals and inflammable materials at their plant site. They stored inherently dangerous and extraordinarily hazardous toxic materials in their premises. The material was stored in a manner that in case of any accident, the rescue team could not easily move in the store to prevent and control the damage. Also, the D used to dump their waste on the vacant portion of their factory site. Due to long persistent use of the land caused damage to the P's (Plaintiff) property. On one night, fire broke out in D's premises for unknown reasons. The fire resulted in explosion and leakage of harmful chemicals from their factory. By inhaling poisonous gas, a number of workers while at work in the factory sustained burn injuries and experienced breathing problem. 'P' along with other ailing residents have filed a suit claiming damages from D.
