Sex And The River Styx:

Sex and the River Styx Edward Hoagland, 2011-02-18 Called the best essayist of his time by luminaries like Philip Roth John Updike and Edward Abbey Edward Hoagland brings readers his ultimate collection In *Sex and the River Styx* the author's sharp eye and intense curiosity shine through in essays that span his childhood exploring the woods in his rural Connecticut his days as a circus worker and his travels the world over in his later years Here we meet Hoagland at his best traveling to Kampala Uganda to meet a family he'd been helping support only to find a divide far greater than he could have ever imagined reflecting on aging love and sex in a deeply personal often surprising way and bringing us the wonder of wild places alongside the disparity of losing them and always with a twist that brings the genre of nature writing to vastly new heights His keen dissection of social realities and the human spirit will both startle and lure readers as they meet African matriarchs Tibetan yak herders circus aerialists and the strippers who entertained college boys in 1950s Boston Says Howard Frank Mosher in his foreword the self described rhapsodist could fairly be considered our last great transcendentalist

Slowspoke Mark Schimmoeller, 2014-07-30 Why a unicycle Why a cross country trip Why leave a prominent New York magazine and return to the simple life in Kentucky Reminiscent of classic literary travelogues Mark Schimmoeller's *Slowspoke A Unicyclist's Guide to America* takes readers on an inward emotional journey as he inches across landscapes and communities from North Carolina to Arizona Schimmoeller became inspired by his unicycle as an adolescent It taught him that rushing whether down the driveway or toward adulthood would cause a fall and so instead of accepting the speeding straight line that defines modern American life he adopted his single wheel's wayward rhythms Written with poise and humor *Slowspoke* is more than a cross country trip on a unicycle it's a meditation on a playful recalcitrant slowness that is increasingly rare in a culture obsessed with acceleration At times achingly and other times joyful Schimmoeller intersperses recollections of his journey with vignettes of his present day off the grid homesteading with his wife in Kentucky and their efforts to save an old growth forest Schimmoeller's personal journey will resonate with anyone who has slowed down to experience life at a unicycle's speed or who longs to do so who has fallen in love or searched for it or who has treasured tall trees or mourned their loss

Sex and sex worship (phallic worship) Otto Augustus Wall, 1919 **Garner's Modern American Usage** Bryan A. Garner, 2003 Painstakingly researched with copious citations from books newspapers and news magazines this new edition has become the classic reference work praised by professional copy editors

Sex and Sex Worship (phallic Worship) a Scientific Treatise on Sex Otto Augustus Wall, 1919 **The Chelsea Green Reader** Ben Watson, 2014-12-02 Chelsea Green the Vermont based independent publisher has always had a nose for authors and subjects that are way ahead of the cultural curve as is evident in this new anthology celebrating the company's first thirty years in publishing The more than one hundred books represented in this collection reflect the many distinct areas in which we have published from literature and memoirs to progressive politics to highly practical books on green building organic gardening

and farming food and health and related subjects all of which reflect our underlying philosophy The politics and practice of sustainable living The Chelsea Green Reader offers a glimpse into our wide ranging list of books and authors and to the important ideas that they express Interesting and worth reading in their own right the individual passages when taken as a whole trace the evolution of a highly successful small publisher something that is almost an oxymoron in these days of corporate buyouts and multinational book groups From the beginning Chelsea Green's books were nationally recognized garnering positive reviews accolades and awards We've published four New York Times bestsellers and our books have set the standard for in depth how to books that remain relevant years often decades beyond their original publication date Chelsea Green was born from a single seed the beauty of craft Craft in writing and editing in a story well told or a thesis superbly expressed writes cofounder and publisher emeritus Ian Baldwin in the book's foreword Today craft continues to inform all aspects of our work design illustration production sales promotion and beyond It has even informed our business model In 2012 Chelsea Green became an employee owned company With the rise of the Internet new media platforms and a constantly shifting bookselling landscape the future of publishing is anything but predictable But if Chelsea Green's books prove anything it is that despite these challenges there remains a hunger for new and important ideas and authors and for the permanence and craftsmanship of the printed word Today our ongoing mission is stronger than ever as we launch into our next thirty years of publishing excellence

Otto Augustus Wall, 1922 [Sexual Symmetry](#)
David Konstan, 2014-07-14 In the Greek romances writes David Konstan sighs tears and suicide attempts are as characteristic of the male as of the female in distress ruses disguises and outright violence in defense of one's chastity are as much the part of the female as of the male Exploring how erotic love is represented in ancient amatory literature Konstan points to the symmetry in the passion of the hero and heroine as a unique feature of the Greek novel they fall mutually in love they are of approximately the same age and social class and their reciprocal attachment ends in marriage He shows how the plots of the novels are perfectly adapted to expressing this symmetry and how because of their structure they differ from classical epic elegy comedy tragedy and other genres including modern novels ranging from Sidney to Harlequin romances Using works like Chaereas and Callirhoe and Daphnis and Chloe Konstan examines such issues as pederasty the role of eros in both marital and nonmarital love and the ancient Greek concept of fidelity He reveals how the novelistic formula of sexual symmetry reverses the pattern of all other ancient genres where erotic desire appears one sided and unequal and is often viewed as either a weakness or an aggressive conquering power Konstan's approach draws upon theories concerning the nature of sexuality in the ancient world reflected in the work of Michel Foucault David Halperin and John Winkler Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the

Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

A Sanctuary of Trees Gene Logsdon, 2012 Whether as an adolescent studying at a seminary or as a journalist living just outside Philadelphia's city limits Gene has always lived and worked close to the woods and his curiosity and keen sense of observation have taught him valuable lessons about a wide variety of trees their distinct characteristics and the multiple benefits and uses they have In addition to imparting many fascinating practical details of woods wisdom *A Sanctuary of Trees* is infused with a philosophy and descriptive lyricism that is born from the author's passionate and lifelong relationship with nature There is a point at which the tree shudders before it begins its descent Then slowly it tips picks up speed often with a kind of wailing death cry from rending wood fibers and hits the ground with a whump that literally shakes the earth underfoot The air in the aftermath seems to shimmy and shiver as if saturated with static electricity

Flying Blind Don Mitchell, 2013 When Middlebury writing professor Don Mitchell was approached by a biologist with the Vermont Fish and Wildlife Department about tracking endangered Indiana bats on his 150 acre farm in Vermont's picturesque Champlain Valley Mitchell's relationship with bats and with government could be characterized as distrustful at best But the flying rats as Mitchell initially thinks of them launched him on a series of improvements to his land that would provide a more welcoming habitat for the bats and a modest tax break for himself and his family Whether persuading his neighbors to join him on a silent meditation pulling invasive garlic mustard out of the ground by hand navigating the tacit ground rules of buying an ATV off Craigslist or leaving just enough honeysuckle to give government inspectors something to find Mitchell's tale is as profound as it is funny a journey that changes Mitchell's relationship with Chiroptera the land and ultimately his understanding of his own past Ruminating on the nature of authority the purview of the state and the value of inhabiting one's niche Mitchell reveals much about our inner and outer landscape in this perfectly paced and skilled story of place

Leucippe and Clitophon Achilles Tatius, 2003 Achilles Tatius *Leucippe and Clitophon* is the most bizarre and risqué of the five Greek novels of idealized love between boy and girl that survive from the time of the Roman empire Stretching the capacity of the genre to its limits Achilles' narrative covers adultery violence disembowelment pederasty virginity testing and a conveniently happy ending Ingenious and sophisticated in conception *Leucippe and Clitophon* is at once subtle stylish moving brash tasteless and obscene This new translation aims to capture Achilles writing in all its exuberant variety

The Flowers of Evil Charles Baudelaire, 2006 A modernist classic translated for the twenty-first century

Garner's Modern American Usage Bryan Garner, 2009-07-28 Since first appearing in 1998 Garner's *Modern American Usage* has established itself as the preeminent guide to the effective use of the English language Brimming with witty erudite essays on troublesome words and phrases *GMAU* authoritatively shows how to avoid the countless pitfalls that await unwary writers and speakers whether the issues relate to grammar punctuation word choice or pronunciation An exciting new feature of this third edition is Garner's Language Change Index which registers where each

disputed usage in modern English falls on a five stage continuum from nonacceptability to the language community as a whole to acceptability giving the book a consistent standard throughout GMAU is the first usage guide ever to incorporate such a language change index The judgments are based both on Garner's own original research in linguistic corpora and on his analysis of hundreds of earlier studies Another first in this edition is the panel of critical readers 120 plus commentators who have helped Garner reassess and update the text so that every page has been improved Bryan A Garner is a writer, grammarian, lexicographer, teacher and lawyer He has written professionally about English usage for more than 28 years and his work has achieved widespread renown David Foster Wallace proclaimed that Bryan Garner is a genius and William Safire called the book excellent In fact due to the strength of his work on GMAU Garner was the grammarian asked to write the grammar and usage chapter for the venerable Chicago Manual of Style His advice on language matters is second to none

Architecture of Threshold Spaces Laurence Kimmel, 2021-12-30 This book explores the relationship between architecture and philosophy through a discussion on threshold spaces linking public space with publicly accessible buildings It explores the connection between exterior and interior and how this creates and affects interactions between people and the social dynamics of the city Building on an existing body of literature the book engages with critical philosophy and discusses how it can be applied to architecture In a similar vein to Walter Benjamin's descriptions of the Parisian Arcades in the nineteenth century the book identifies the conditions under which thresholds reveal and impact social life It utilises a wide range of illustrated international case studies from architects in Japan, Norway, Finland, France, Portugal, Italy, the USA, Australia, Mexico and Brazil Within the examples thresholds become enhancers of social interactions and highlight broader socio-political contexts in public and private space *Architecture of Threshold Spaces* is an enlightening contribution to knowledge on contemporary architecture, politics and philosophy for students, academics and architects

Civic Spaces and Desire Charles Drozynski, Diana Beljaars, 2019-07-25 *Civic Spaces and Desire* presents an original and critical appraisal of civic spaces for a novel theoretical intersection of architecture and human geography The authors address civic spaces that embody a strong moral code such as a remembrance park or a casino in various places in the United Kingdom, Europe, North America, Australia and Asia The consecutive chapters of the book present these chosen spaces as the interconnection between the everyday and the ideological By doing so the book reimagines the socio-political effects of the countercultural assemblages and ontologies of difference that these spaces produce, represent and foster as presented through outcasts and nomads of various kinds and forms The book reflects on different interpretations of the key texts from primarily post-linguistic theoreticians such as Gilles Deleuze, Félix Guattari and Jacques Derrida It will benefit students and academics in architecture, geography, philosophy and urban studies and planning who seek to understand the politics of space, place and civility By deconstructing normative ideological constructs the book uses the concept of desire to explore the tensions between expectations of civic spaces and the disappointment and wonder of their immanent existence Chapter 1 of this book
