Xaas: Everything-as-a-service - The Lean And Agile Approach To Business Growth Shantanu Bhattacharya, Lipika Bhattacharya, 2021-10-13 XaaS Everything as a Service The Lean and Agile Approach to Business Growth takes the reader into the bold new world of pay per use for a product or service From the perspective of the customer the servitization model yields multiple benefits the consumer can try out the product service at a relatively low cost the risk is mitigated capital expenses can be converted into operating expenses it is not needed to forecast how often the product service is used and only parts of the product service needed can be used Similarly a provider can benefit by having a larger market coverage steadier stream of revenues upgrades as and when needed sharing of fixed assets across consumers practicing of value based pricing and unbundling or bundling utility for consumers using appropriate pricing techniques However this nanoization of products services is tricky and has to be designed carefully This book provides a set of recipes to providers to adopt the XaaS model by changing the provider s mindset dividing the product service forces the provider to take a value driven approach to his product service and consequently eliminate all non value added activities The requirements of the XaaS model serve both as an objective to the innovation and internal processes of the provider and as guide to understanding the customer s needs The book also covers data acquisition data analysis and synthesis and data application needs of the XaaS model with simple examples and case studies from the business world of firms that achieve these objectives successfully PC Mag ,1995-06-13 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology PC Mag ,1988-11-29 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology Popular Science ,1997-05 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better Malaysian Business ,1990 **PC Mag** ,1995-11-07 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology Popular Science ,1995-10 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better ABA Journal ,1984-08 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association PC Mag ,1996-11-05 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical
