NEVER BEEN CLOSED Cheehoon Kim, We live in a society where different people and different thoughts co exist Living together in a diversified society you will inevitably have conflicts due to the thoughts and actions of those who are not like you Now shouldn t we acknowledge that being different is nothing wrong in a sufficiently plural society and distinguish being different from being wrong Our society has already fully experienced the fact that it is a certain group or a minority that benefits from opposition and division and that it is the absolute majority that groans and suffers in it Don t we remember a history of pain on account of ideological conflicts The overall visual balance was achieved through strong contrast arrangements of blue and red tone and cold density of air to express a space that divides the world into black and white by creating steadfast stereotypes In particular what I focused on the most was how to express the atmosphere flowing inside The space and not just a solid 3d space which helped me actualize a space full of chilly and blue atmosphere of night The circular staircase was used as a symbol of altar with duality of a snake s appearance and structural beauty The leader and the crowd which I produced by exposing the wire itself as a metaphor called hollow men who did not have independent thoughts were distinguished only by armbands on the shoulders and a nail weapon on the head
