The Fox Effect David Brock, Ari Rabin-Havt, Media Matters for America, 2012-02-21 Here is comprehensive overview of the tumultuous career of former Fox News president Roger Ailes and a must read for anyone looking to understand his legacy and impact on news media Based on the meticulous research of the news watchdog organization Media Matters for America David Brock and Ari Rabin Havt show how Fox News under its president Roger Ailes changed from a right leaning news network into a partisan advocate for the Republican Party The Fox Effect follows the career of Ailes from his early work as a television producer and media consultant for Richard Nixon Ronald Reagan and George H W Bush Consequently when he was hired in 1996 as the president of Rupert Murdoch s flagship conservative cable news network Ailes had little journalism experience but brought to the job the mindset of a political operative As Brock and Rabin Havt demonstrate through numerous examples Ailes used his extraordinary power and influence to spread a partisan political agenda that is at odds with long established widely held standards of fairness and objectivity in news reporting Featuring transcripts of leaked audio and memos from Fox News reporters and executives The Fox Effect is a damning indictment of how the network s news coverage and commentators have biased reporting drummed up marginal stories and even consciously manipulated established facts in their efforts to attack the Obama administration **Ugly War, Pretty Package** Deborah L.

Jaramillo, 2009-09-25 Deborah L Jaramillo investigates cable news presentation of the Iraq War in relation to high concept filmmaking High concept films can be reduced to single sentence summaries and feature pre sold elements they were considered financially safe projects that would sustain consumer interest beyond their initial theatrical run Using high concept as a framework for the analysis of the 2003 coverage of the Iraq War paying close attention to how Fox News and CNN packaged and promoted the U S invasion of Iraq Ugly War Pretty Package offers a new paradigm for understanding how television news reporting shapes our perceptions of events [Summary of The Fall by Michael Wolff: The End of Fox News and the Murdoch Dynasty](#) GP SUMMARY, 2023-09-28 DISCLAIMER This book does not in any capacity mean to replace the original book but to serve as a vast summary of the original book Summary of The Fall by Michael Wolff The End of Fox News and the Murdoch Dynasty IN THIS SUMMARIZED BOOK YOU WILL GET Chapter astute outline of the main contents Fast simple understanding of the content analysis Exceptionally summarized content that you may skip in the original book Michael Wolff s Succession explores the dysfunctional family of Fox News which has formed the most powerful media and political force in the US for almost three decades The family s empire is cracking up and crashing down with Rupert Murdoch his contentious progeny star anchor Tucker Carlson and Sean Hannity all competing for power The book follows the final days of Fox News as lawsuits and lawsuits threaten the network s financial stability and reputation The heirs including the infamous Roys of TV s Succession make the Roys of TV s Succession seem downright Brady Bunch Wolff s book provides an unforgettable glimpse into the complexities of the Murdoch family s empire and the political landscape of the United States
