New Approaches to Ruskin, 2016 New Approaches to Ruskin (Routledge Revivals) Robert Hewison, 2014-11-13 The study of Ruskin's work and influence is now a feature of several critical disciplines New Approaches to Ruskin first published in 1981 reflects this gathering some of the most distinguished writers on Ruskin and joining them with others who have undertaken significant research in the field of Ruskin studies The authors were all specially commissioned for this volume and were chosen to represent as wide a variety of approaches as possible to this key figure of nineteenth century culture This book is ideal for students of art history **Work and Wealth (Routledge Revivals)** J. A. Hobson, 2010-10-04 First published in 1914 and reissued with a new introduction in 1992 Work and Wealth is a seminal vision of Hobson's liberal utopian ideals which desired to demonstrate how economic and social reform could transform existing society into one in which the majority of the population as opposed to a small elite could find fulfillment Hobson attacked conventional economic wisdom which made a division between the cost of production and the utility derived from consumption Far from being necessarily arduous Hobson argued that work had the potential to bring about immense utility and enrichment The qualitative humanist work argues in favour of a new form of capitalism to minimise cost and maximise utility Culture, Participation and Policy in the Municipal Public Park Abigail Gilmore, 2024-01-12 This book concerns the values and practices of participation in municipal public parks and the connections they have with cultural policy urbanism and social life Adopting a critical cultural policy lens it identifies the park as a mundane but extraordinarily treasured place for the production and exchange of cultural values regulation resistance and the practising of citizenship Drawing on extensive mixed methods research on everyday participation in diverse local cultural ecosystems in England and Scotland the book examines the social lives of parks and their users and the important public values that are generated through their common stewardship and usership It presents case studies of parks and co located museums as cultural public spheres which promote both commoning and commodification These are contextualized by histories of municipal parkmaking from the nineteenth century to the present and related to the making of local government and to other civic and cultural institutions The book highlights contemporary issues of austerity marketisation and de municipalisation within local government in the context of urban development It positions the public park as fundamental to democratic cultural governance and makes the case for the primacy of public trust ownership and park equity in safeguarding the right to the city **Charlotte Mary Yonge** Clare Walker Gore, Clemence Schultze, Julia Courtney, 2022-11-28 This interdisciplinary collection of essays explores the life and work of Charlotte M Yonge a highly influential and popular nineteenth century writer who is emerging from a long period of critical neglect Its wide ranging chapters capture the scope and quality of current work in Yonge studies addressing the full range of her prolific literary output from her best selling novels to her nature writing biographies and letters Considering themes from gender disability and empire to Tractarianism secularism and the idea of progress these essays consider how

Yonge reflected and shaped the tastes ideas and anxieties of her readers and contemporaries Exploring her key role in the Anglican revival her importance as a test case in the development of feminist criticism and her formal innovativeness as a novelist this collection places Yonge centrally in the nineteenth century literary landscape and demonstrates her ongoing relevance to scholars and students of the period *The Autobiography of a Nation* Becky Conekin,2003-06-28 The first full length study on the 1951 Festival of Britain Gothic Revival Architecture in Ireland Douglas Scott Richardson,1983

Scarborough,2022-06-14 As a man thinks so is he Personally and socially so is he Yet if this is true then as a man thinks has led us into the thick of global crisis What exactly is it about our thinking that fails us What has gone so wrong There are firm reasons why we may hope for new direction Firstly we have a new view of the connectedness of all things Never before has this encompassed so much It makes a crucial difference to philosophy Secondly when we recast philosophy s high level concepts in more concrete terms it becomes possible to discuss them without confusion This is the method of this book There is much of interest for the theologian too Legendary film director Ingmar Bergman once wrote What will happen to us who want to believe but can not His can not had to do with what Professor Karen Barad calls the hegemony of physics *Everything Briefly* details why it is impossible in fact to believe in a closed universe of cause and effect Ruskin's Artists Robert Hewison,2017-11-22 This was first published in 2000 A study of John Ruskin s engagement with art and architecture as a critic a patron and a teacher It offers insights into both his writings and the visual economy of the Victorian world Each essay examines Ruskin s relationship with an individual artist or a distinct aspect of art practice J M W Turner D G Rossetti W Holman Hunt and E Burne Jones are among those artists discussed whose personal relationships with Ruskin affected his critical writing Ruskin s attitude to
