Connecticut Unscathed Jason W. Warren,2014-09-04 The conflict that historians have called King Philip s War still ranks as one of the bloodiest per capita in American history An Indian coalition ravaged much of New England killing six hundred colonial fighting men not including their Indian allies obliterating seventeen white towns and damaging more than fifty settlements The version of these events that has come down to us focuses on Plymouth and Massachusetts Bay the colonies whose commentators dominated the storytelling But because Connecticut lacked a chronicler its experience has gone largely untold As Jason W Warren makes clear in Connecticut Unscathed this imbalance has generated an incomplete

narrative of the war Dubbed King Philip s War after the Wampanoag architect of the hostilities the conflict Warren asserts should more properly be called the Great Narragansett War broadening its context in time and place and indicating the critical role of the Narragansetts the largest tribe in southern New England With this perspective Warren revises a key chapter in colonial history In contrast to its sister colonies Connecticut emerged from the war relatively unharmed The colony s comparatively moderate Indian policies made possible an effective alliance with the Mohegans and Pequots These Indian allies proved crucial to the colony s war effort Warren contends and at the same time denied the enemy extra manpower and intelligence regarding the surrounding terrain and colonial troop movements And when Connecticut became the primary target of hostile Indian forces especially the powerful Narragansetts the colony s military prowess and its enlightened treatment of Indians allowed it to persevere Connecticut s experience properly understood affords a new perspective on the Great Narragansett War and a reevaluation of its place in the conflict between the Narragansetts and the Mohegans and the Pequots of Connecticut and in American history *Mark (Teach the Text Commentary Series)* Grant R. Osborne,2014-11-25 The Teach the Text Commentary Series utilizes the best of biblical scholarship to provide the information a pastor needs to communicate the text effectively The carefully selected preaching units and focused commentary allow pastors to quickly grasp the big idea and key themes of each passage of Scripture Each unit of the commentary includes the big idea and key themes of the passage and sections dedicated to understanding teaching and illustrating the text **Robotic Persons** Joshua K. Smith,2021-02-26 Robotic Persons will introduce the evangelical community to the journey of Robotic Futurism and how current and forthcoming AI driven robots will impact human value and dignity This book will consider three key areas of robotic development and the existential risks on the horizon for humans in the fields of work war and sex There are risks in the fields of work because there is a temptation to replace human workers with automation Current arguments for the benefit of war fighting robots posit that these robots will eliminate war and the risk of war but there is much more to the story Arguments for sex and companion robots proffer that they will benefit the fringe community or help those who do not have a relative to care for them but again there are many ethical and philosophical problems with these arguments Robotic Persons not only introduces the reader to these issues but also gives an evangelical response to each There is presently no evangelical work addressing these critical issues Robotic Persons will argue that granting legal personhood to qualified robots will further prevent dehumanizing use of robots and protect human dignity and value **Army-Navy-Air Force Register & Defense Times** ,1959 *Discombobulation* Wayne Rudolph Davidson,2015-09-16 Wayne Rudolph Davidson delves deeper into his family history in this second book of his When Clans Collide trilogy Exploring his own personal branch that stems from the genealogical trunk of the distinguished Davidson family tree he writes from the perspective of an African American male born in the post World War II era caught in a firestorm of extraordinary social change civil disturbance and a burgeoning drug culture His life runs in tandem with the

migration of African Americans from the rural South to urban centers in the North and historic events such as the assassinations of President John F Kennedy Malcolm X the Rev Martin Luther King Jr and Senator Robert F Kennedy He seamlessly blends his family genealogy and his own mistakes and triumphs with American history From being an unemployed autoworker living and working in a dark tunnel to positions of responsibility and authority as a member of the U S Army in strategic places around the world in this book the author gets a chance rarely given to African American men to tell his story before his peers instead of before a magistrate *The Hidden People of North Korea* Ralph Hassig, Kongdan Oh, 2009-09-24 This unique book provides a comprehensive overview of all aspects of life in North Korea today Drawing on decades of insider knowledge and experience noted experts Ralph Hassig and Kongdan Oh explore a world few outsiders can imagine In vivid detail the authors describe how the secretive and authoritarian government of Kim Jong il shapes every aspect of its citizens lives how the command socialist economy has utterly failed and how ordinary individuals struggle to survive through small scale capitalism North Koreans remain hungry and oppressed yet the outside world is slowly filtering in and the book concludes by urging the United States to flood North Korea with information so that its people can make decisions based on truth rather than their dictator s ubiquitous propaganda Catalog of Copyright Entries, Third Series Library of Congress. and being part of a cohesive team Her mixed reaction to her military career epitomizes the difficulty with which enlisted women have been assimilated Stiehm also analyzes the rapidly shifting military policies concerning women as well as the reasons for certain erroneous but persistent beliefs about them and remarks One thing seems to be certain To the professional military the enlisted woman is a raw nerve
