the Babylonian Talmud Isidore Epstein,1989 A Dictionary of the English Bible and its Origins Alec Gilmore,2014-02-04
The Dictionary of the English Bible and Its Origins is designed to increase awareness of the origins of the Bible to introduce readers to the variety of versions and manuscripts that lie behind the familiar English translations to provide in alphabetical order entries on texts versions manuscripts persons places and terminology covering the origins of the Hebrew Bible the New Testament and the English Bible including the most recent translations and generally to facilitate a more intelligent understanding of the Bible among lay people by removing some of the mystique and prejudices associated with it Entries are factual not evaluative and reflect contemporary biblical scholarship Dictionary of the English Bible and Its Origins will prove to be a handy reference tool for anyone with an interest in the Bible *The Ten Commandments* Michael Coogan,2019-06-18 Are the Commandments really written in stone A biblical scholar offers an engrossing and enlightening guide to one of the world s great legal codes Booklist In this lively provocative book Michael Coogan takes us into the ancient past to examine the Ten Commandments also known as the Decalogue How among all the laws reportedly given on Mount Sinai did the Ten Commandments become the Ten Commandments When did that happen There are several versions of the Decalogue in the Old Testament so how have different groups determined which is the most authoritative Why were different versions created Coogan discusses the meanings the Ten Commandments had for audiences in biblical times and observes that the form of the ten proscriptions and prohibitions was not fixed as one would expect since they were purported to have come directly from God nor were the Commandments always strictly observed In later times as well Jews and especially Christians ignored and even rejected some of the prohibitions although the New Testament clearly acknowledges the special status of the Ten Commandments Today it is plain that some of the values enshrined in the Decalogue are no longer defensible such as the ownership of slaves and the labeling of women as men s property Yet in line with biblical precedents the author concludes that while a literal observance of the Ten Commandments is misguided some of their underlying ideals remain valid in a modern context **Tercentenary Handlist of English & Welsh Newspapers, Magazines & Reviews ...** Roland Austin,1920 **The Monthly Musical Record** ,1907 Includes music **International Catalogue of Scientific Literature** ,1906 *A Literal Translation of the Eclogues and Georgics of Virgil; Founded on the Notes and Text of Prof. Conington's Second Edition.
