Ocr Latin Apast Papers:

Essential GCSE Latin John Taylor, 2017-08-10 *Essential GCSE Latin* is a practical and accessible guide for students. This third edition is updated for the OCR GCSE 9-1 specification first assessment 2018. It covers all the linguistic requirements for GCSE Latin providing straightforward and helpful explanations of every grammatical construction. Each point is illustrated with examples and practice sentences. 650 in all. With an easily navigable structure and generous cross referencing. *Essential GCSE Latin* concentrates on understanding principles and patterns reducing the need for rote learning. Concise and clear it is ideal for those on a reduced timetable or as a supporting grammar and exercise textbook alongside other Latin courses. As a revision guide it provides a fast but comprehensive recap of the language. The book includes a full GCSE vocabulary and a glossary of grammar terms for quick and easy reference. Fifteen practice passages for unseen translation are followed by five complete practice GCSE papers and additional exercises for the optional English Latin sentences. The new edition is supported by a companion website with answer keys and further resources and is endorsed by OCR.

Latin to GCSE Part 1 Henry Cullen, John Taylor, 2016-04-28 A companion to Bloomsbury's popular two volume *Greek to GCSE* this is the first course for Latin students that directly reflects the curriculum in a clear, concise and accessible way. Enhanced by colour artwork and text features, the books support the new OCR specification for Latin first teaching 2016 as well as meeting the needs of later students both at university and beyond. Written by two experienced school teachers, one also an examiner, the course is based on a keen understanding of what pupils find difficult: concentrating on the essentials and on the explanation of principles in both accidence and syntax. Minor irregularities are postponed and subordinated so that the need for rote learning is reduced. User friendly, it also gives pupils a firm foundation for further study. Part 1 covers the basics and is self-contained with its own reference section. It outlines the main declensions, a range of active tenses and a vocabulary of 275 Latin words to be learned. Pupil confidence is built up by constant consolidation of the material covered. After the preliminaries, each chapter concentrates on stories with one source or subject: the Fall of Troy, the journeys of Aeneas, the founding of Rome and the early kings, providing an excellent introduction to Roman culture alongside the language study.

Latin Language Tests for Levels 1 and 2 and GCSE Ashley Carter, 2015-03-02 This collection of tests provides practice for students preparing to take the new Latin language examinations at the WJEC examination board. Levels 1 and 2. It also includes tests similar to those used in the OCR examination board GCSE examinations. The book is divided into five sections, each devoted to a different format or level of tests. Words that are not expected to be known at each level are glossed. The range of grammatical and syntactical features is similar to that found in the public examinations. The tests are designed to cover translation and comprehension of specially constructed stories in Latin. Readers are not expected to have familiarity with any particular course book and the stories may also be used simply as a graduated Latin reader if desired. Also available from Bloomsbury. *Latin Language Tests* by Mark Schemes 9781853997525 [de Romanis Book 3](#) Katharine
